MICHAEL ... NEW WHEEL.

Great ... He Has ... Paine's Celery Compound.

Invincible, peerless, wonderful is Michael. When he races his chief competitor is time, and when he crosses the tape in his finishing sprint he leaves records as well as opponents behind him.

James Michael, the most wonderful bicyclist of the world, recommends all wheelmen to take Paine's celery compound.

Many a young person and hundreds of older people who have determined to take up bicycling as a health-giving exercise find themselves really lacking the proper "snap" or stamina to begin on. Their bodily condition prevents so spirited exercise. Many who are really sick, who have suffered from debility or wasting diseases for a long time until they had begun to think their troubles had become chronic, as nothing gave them relief, would turn to bicycling for relief, but they find that this splendid exercise, like any other, requires strength to undertake. The blood is out of order, the nerves are deranged, and nature's food for both is needed.

All such persons will find to their immediate joy that Paine's celery compound will make them well.

Michael has made cycle riding a careful study, and is in a position to give excellent advice, not only to racing men, but to wheelmen and people in general. In reference to his own methods the following letter will interest everybody.

Boston, Mass., Feb. 21, 1897.

After the exertion of my record rides while with the Morgan & Wright team in the South last winter, during which I lost somewhat in weight, on account of the unaccustomed climate, I was advised to use Paine's celery compound. I am pleased to say that it gave such satisfaction that I was impelled to use it again to brace up from the effects of the two unusually rough ocean trips that I have taken during the past month. I believe that wheelmen who have to undergo the hardships of "circuit chasing" will find Paine's celery compound of assistance in keeping up their physical tone.

Jimmie Michael.

Thousands need to take a remedy to purify their blood, arouse the circulation and counteract the debilitating effect of confining work, worry and excitement.

The more intelligent portion of every community are the ones who best recommend Paine's celery compound. They have looked into this great remedy, followed its remarkable achievements in the case of friends, neighbors and relatives, and know just what to expect from its use as a nerve and brain strengthener and restorer and an ideal invigorator for a run-down system.

NEED A NEW SUIT?

Don't let winter chills find you thinly clothed—that's poor economy. You'll be saving money if you buy a business suit of us now. We're selling a heavy all-wool suit—thoroughly made, well finished, sure to wear well—for

$5.85.

As good as most $10 suits.

We've a nice line of sample suits at prices from $3.98 to $8.99.

"Your money back if you're not satisfied" is our promise.

MILLINERY OPENING

—OF—

Paris ... Hats and Bonnets, FRIDAY and SATURDAY, October 8th and 9th.

M. A. CLARK, 66 Main Street.

WEYLER IS RECALLED.

The Spanish Cabinet Decided upon That Step Friday.

Gen. Blanco Will Succeed Him in Command in Cuba.

Gen. Weyler Refused to Resign in the Face of the Enemy.

Madrid, Oct. 8. It is semi-officially announced this afternoon that Capt. Gen. Weyler at tomorrow's session of the cabinet will be recalled from Cuba.

Weyler's Cable.

Madrid, Oct. 8. In the course of the cable message sent by Capt. General Weyler to Premier Sagasta, placing his post in Cuba at the disposal of the government, he said:

"If the functions with which the government had entrusted me had been merely those of governor general of Cuba, I should have hastened to resign. But the two-fold character of my mission and my duty as commander-in-chief in the face of the enemy prevent my tendering a resignation. Nevertheless, although I can rely upon the absolute, unconditional support of the autonomist and constitutional parties, as well as upon public opinion, this would be insufficient without the confidence of the government, now more than ever necessary to me after the censure of which I have been made the object by the members and journals of the liberal party and by public opinion in the United States, which latter is largely influenced by the former. This confidence would be necessary to enable me to put an end to the war, which has already been virtually concluded from our lines at Jucaro to Cape San Antonio."

Senor Sagasta replied:

"I thank you for your explanation and value your frankness. I wish to assure you that the government recognized your services and values them as they deserve, but it thinks a change of policy, in order to succeed, requires that the authorities should be at one with the ministry. This has nothing to do with the confidence felt in you by the government; for the liberals have always said that the responsibility for a given policy does not fall upon those who carry it out but upon the government inspiring it. I shall communicate your decision to the government shortly."

Recall of Weyler Decided Upon.

Madrid, Oct. 8.—Midnight.—The cabinet has decided upon the immediate recall of General Weyler from Cuba. A decree will be issued appointing Captain General Blanco Arenas, Marquis of Pena Plata, governor general of the island. The Queen Regent will sign the decree tomorrow.

According to El Heraldo, 20,000 reinforcements will accompany Gen. Blanco to Cuba.

Gen. Blanco has been described as the "softest hearted soldier in Spain." The impression is that he would be empowered to approach the Cubans to arrive at a mutual agreement for the cessation of hostilities.

Weyler Won't Resist.

Havana, Oct. 8. Gen. Weyler today denied the reports that he would resist removal from his command.

YELLOW FEVER ABOARD.

The British Steamer Honiton Off Vineyard Sound Friday.

Vineyard Haven, Mass., Oct. 8. The British steamer Honiton, Hudson, from Progreso, Mexico, Sept. 27, via Norfolk; Oct. 6, for Boston, anchored off Nobska, Vineyard Sound, about four miles from this port, today, with the loss of three men, probably from yellow fever. On Sept. 28th, just one day out from Progreso, seaman Hank Gullikson, a native of Norway, died of what is supposed to be yellow fever and was buried at sea. The second mate of the Honiton, who was the only available officer on her deck when she was hailed by The Associated Press representative this afternoon, stated that Gullikson was ailing the day the steamer left Progreso but the port physician there pronounced it a probable attack of malaria and no serious consequences were anticipated.

Immediately after leaving port he became worse, failed rapidly and soon succumbed. Sept. 30 Chief Engineer William Laidler, of Sunderland, England, was taken ill and after an illness of five days, he was also buried at sea. He leaves a wife and family at Sunderland, Eng. Yesterday Messroom Steward Chas. Read, of Liverpool, Eng., who was sick while the steamer was at Hampton Roads, died of the same disease and the body was lowered into the sea.

When the ship reached Vineyard Sound this forenoon it was learned from the steamer that the captain and steward were not feeling well, but it was claimed that they were not seriously ill.

The captain, it was said, was able to attend to his duties, but was practically worn out with care and anxiety. The remainder of the crew of 17 men are reported all well.

The Honiton stopped at Nobska to await the arrival of Capt. Kidder, a Boston coast pilot, who is expected to arrive this evening on an English tramp steamer from Boston, when he will take charge of the Honiton and pilot her to Boston. As far as could be learned no doctor has been called to the ship today, but no one is allowed to board her.

A Tragedy of Real Life.

Chicago, Oct. 8. In a clump of woods on Euclid avenue, between Third and Fourth streets, two boys found the dead body of a woman, evidently a suicide, lying half hidden among the weeds. Clutched in her hand was a telegram addressed to Mrs. D. P. O'Connell, Manhattan Beach Hotel, Chicago, and sent from a small town in Tennessee, Sept. 25, and which read: "Will leave for Cuba tonight," and signed "Dan."

Two bottles, one labelled laudanum and the other paregoric, both empty, were found beside her.

She and her husband were attendants at the baths at Windsor Park during the summer. About Sept. 15 O'Connell left the hotel and drawing all their savings, amounting to $800, from the bank, disappeared. The lady cashier at the bath house disappeared simultaneously. They were next heard of at Nashville, Tenn., and from the telegram found in the dead woman's hand are now supposed to be in Cuba.

Sister Gonzaga Dead.

Philadelphia, Oct. 8. Sister Gonzaga, the oldest Sister of Charity in the United States and for over fifty years the superior of St. Joseph's Orphan Asylum, died at the asylum today aged 85.

Dread Diphtheria.

Lewiston, Me., Oct. 8. Two deaths, it is reported, have already resulted from diphtheria in Auburn and it is said there is another case.

Neuralgia is obstinate. Johnson's Anodyne Liniment has cured many very severe cases.

RHEUMATISM CURED IN 24 HOURS. T. J. Blackmore, of Haller & Blackmore, Pittsburgh, Pa., says: "A short time since I procured a bottle of 'MYSTIC CURE.' It got me out of the house in twenty-four hours. I took to my bed with Rheumatism nine months ago and the 'MYSTIC CURE' is the only medicine that did me any good. I had five of the best physicians in the city, but I received very little relief from them. I know the 'MYSTIC CURE' to be what it is represented, and take pleasure in recommending it to other poor sufferers." Sold by J. L. Mountaine & Co., 83 Main street, Caldwell Sweet, 26 Main street, Druggists, Bangor.

If you feel weak, dull and discouraged you will find a bottle of Hood's Sarsaparilla will do you wonderful good.

A SENSATION EXPLODED.

George Movement Threatened With Disorganization.

Bomb Exploded in the Greater New York Campaign, Friday.

Discussion of Effects of Step—Heavy Registration in Brooklyn.

New York, Oct. 8. This was the first of the four days appointed for the registration of voters in Brooklyn today. The number who registered today was 75,013, as compared with 69,893 on the first day of registration of 1895 and 90,185 on the first day in 1896.

A Sensational Event.

The most sensational event of the campaign was the meeting of the Henry George committee in the Union Square Hotel tonight in conference with a number of the representatives of the organizations which are supporting Mr. George. The campaign committee exploded a bomb when it made the following announcement:

"The Citizens' union county ticket in New York county, the McLaughlin ticket in King county, the Democratic ticket in Richmond, and the Madden ticket in Queen's, will all be endorsed."

At 11 o'clock it was said that the assembly and aldermen and borough tickets of these same organizations had also been endorsed, but this could not be verified. The Henry George men started in to name a city ticket of their own and by 11 o'clock Chas. Frederick Adams for president of the council, was the only man chosen.

It is understood that he will withdraw as a candidate for court of appeals against Judge Parker, the regular Democratic candidate. It is said the conclusions reached are the work of ex-Congressman Tom Jones and some of the members of the campaign committee. What the effect will be is hard to forecast, but tonight it looked as if it would demoralize the organizations supporting Mr. George.

The United Democracy, which first nominated George, through its leaders declared it was done with the George movement. Secretary Stover of the Democratic alliance said his organization will knife George if the ticket selected is forced on it. The Populists seem to take the same view.

Secretary Daly, of the central labor union, was furious at the action of the campaign committee. He said he would go into every union in the city and help elect Van Wyck.

The members of the committee seemed undisturbed.

"They are angry just now," said Mr. Adams, "but every man who was sincere in his support of Mr. George will come back and support him loyally."

It is claimed by the committee that the endorsement of all the county tickets, except the one in New York county will force the recognition of the George movement as the regular Democratic party by the State committee in case the defection of the leaders does not cause the disintegration of the George movement. Dr. O'Sullivan was present tonight and was not at all pleased with the action of the committee.

CLOSE OF RIGBY SEASON.

Three Good Races and Minute Crowd on Friday.

Portland, Me., Oct. 8. The season at Rigby closed this afternoon with three good races before a crowd of about 300 people.

The first thing on the programme for the day was the conclusion of the 2.15 trot. The three heat winners, Louis Victor and Record, who had two each to their credit, and Nicola, who had one heat, came out for the word to settle the race. Record was not headed for the mile. Louis Victor went all to pieces on the back stretch and finished last. Record won the heat and race very handily. Dexter K., a Deering horse, landed the fourth money and this was very pleasing to the crowd.

There were five starters in the 2.12 trot which proved to be a lively one. Aleldalla was the favorite and carried about all of the money, although Dick Hubbard was thought to have good chances. The finish in the first heat was very exciting, but the favorite won. In the second heat Dick Hubbard won by a nose and in the third heat he was an easy winner.

The third and fourth heats were taken by Aleldalla in hair-raising finishes and Dick Hubbard made it very warm for the Boston horse all the way around. The fight for third and fourth money was one of the interesting features of this race. Van Zant finally won the third money after a close call in the fifth heat.

There was only one thing in the 2.14 pace and that was Favor, owned by Chas. Smart, of Connecticut. He took all three heats. As a matter of fact this event was not very interesting and went as it was anticipated it would go. The summaries:

Baltimore Won Another Exhibition Game.

Springfield, Mass., Oct. 8. Three thousand people saw Baltimore and Boston play an exhibition game this afternoon, which resulted in an easily won victory for Baltimore, 8 to 6. Klobedanz's poor work in the third was largely responsible for Boston's defeat. It was an exhibition game it was well played and full of snap although none of the players exerted themselves at any time. Amole shut the Bostons out with two hits and no runs for six consecutive innings, but in the eighth they found him for four hits and as many runs.

Can't Bring Off Fight in Canada.

Buffalo, N. Y., Oct. 8. It is not probable that the McCoy-Creedon fight or any other finish fight will be brought off at Fort Erie or in any other section of Canada. For some time a party of New Yorkers have been endeavoring to secure in Montreal letters patent for the formation of a Canadian athletic association, its object being to give exhibitions of an athletic character, including boxing.

Such letters were issued last week by the lieutenant governor, but before signing the papers the clause relative to boxing exhibitions was stricken out and any attempt to bring off the fight under this charter will be severely punished.

There is a clause in the Canadian laws permitting glove contests, but officers of the law are always present at such affairs and stop the exhibition when the slightest brutality is shown.

FLAT CONTRADICTIONS.

State Witnesses Refute the Claims of the Experts.

Called to Testify in Behalf of Luetgert, the Alleged Murderer.

State Rested Its Case Friday—A Sensation in Court in Afternoon.

Chicago, Oct. 8. The closing day of the rebuttal evidence of the prosecution in the famous Luetgert trial opened this morning with a continuation of the impeachment evidence produced yesterday.

Prof. George C. Dorsey, of the Field Columbian Museum, chief osteological expert for the state in this trial, was called to dispute the evidence of Dr. H. W. Allport, the principal expert for the defence. He had some hot shot for Dr. Allport and the other scientific gentlemen whose testimony, if accepted in full, practically branded him as a stupid novice.

As a preliminary to Dr. Dorsey's onslaught, policemen were called today to impeach certain witnesses for the defense who had identified a picture of Mrs. Luetgert as that of a woman seen in Kenosha, Wis., on May 3, 4 and 5.

Prof. Mark de Lafontaine was called upon to impeach the evidence of Prof. Long, of the Northwestern University, with reference to bones. He expressed views upon the subject in scientific terms directly at variance with the ideas of Prof. Long.

The State rested its case this afternoon after a prosecution lasting seven weeks. Court was adjourned until next Monday, when the defence will probably put on a few re-rebuttal witnesses.

A sensation was created when a woman in mourning garb ascended to the witness stand. Tears were in her eyes as she sank into the witness chair. She was Mrs. Miller, sister of Mrs. Luetgert. Mrs. Miller told of the kindly disposition of her sister and that no mother was ever more patient or kind to her children.

Monday the defense will undertake the unusual task of impeaching a judge.

A SENSATION IN HAVANA

Over the Escape of the Cuban Heroine—Was Carefully Planned.

Havana, Oct. 8. The escape of Senorita Evangelina Cassio, who has also been referred to as Evangelina Cassio Cisneros, owing to her having assumed the name of her mother, has caused quite a sensation in Havana.

It was exclusively announced by The Associated Press last night. The investigation made by the Spanish authorities has developed a number of additional facts in the case. It is now asserted that the young Cuban lady escaped between 11 o'clock and midnight on Wednesday over the roof of a neighboring house and through it to the street below, O'Farrell Lane, and out into the street where the police found a hand ladder.

On the roof of an adjoining house, the authorities found three planks, each about a yard long and 18 inches wide, joined together by strong hinges, so as to be able to serve as a bridge, enabling a person to pass from the roof of the prison to the roof of the house referred to.

The authorities also found on the roof a Smith & Wesson revolver of large calibre, having its six chambers loaded, and a new knotted rope, which had evidently been used as a life line or guiding rope to enable the escaping prisoner to cross the plank bridge which had been extended by her accomplices from the house near the Casa de Recojidas to the roof of that prison. The revolver, the knotted rope and the bridge as well as other discoveries made by the police, show the escape of Senorita Cassio to have been carefully planned.

Some of the details of the young Cuban's escape are quite romantic. It appears that a real estate agent named Marino Fernandez, who was in charge of the house, No. 1, O'Farrell Lane, declares that he recently rented that building to two well dressed young men. The latter had the upper two rooms and paid the rent in advance. The building was poorly furnished, but the young men seemed to be perfectly satisfied with their surroundings.

When the rooms at No. 1 O'Farrell Lane were searched, the police in addition to the articles already referred to found a bag of lime, a can of paint and a large brush.

People living in the vicinity of the Casa de Recojidas have informed the authorities that they heard the noise of carriage wheels shortly before midnight on Wednesday and it is believed the vehicles were used by the escaping senorita and her friends to take them away from O'Farrell lane.

The police are investigating the escape and all the Spanish sentries along the coast have been communicated with. Five guards have been arrested, pending an official inquiry.

Bad Gang of Robbers.

Chattanooga, Tenn., Oct. 8. The investigation of the Bohannon car gang robberies by the Whitfield county, Georgia, grand jury, has brought forth some sensational disclosures in the town of Dalton, 40 miles south of here.

The jury has discovered that the gang has stolen $100,000 and has been working systematically for years. In addition to finding thirteen indictments against each member of the gang, the jury has found indictments against the following leading merchants of Dalton for working in complicity with the gang and receiving stolen goods: John Bender, Drew M. Peeples, both members of the council; T. N. Peeples, G. W. Cannon and Anderson Giddings. The plan of the robbers was to go out and break into the cars. Before reaching Dalton the goods were thrown out and carried away by confederates. The goods were afterwards sold by the gang to the Dalton merchants.

Earthquake Shock.

New Madrid, Mo., Oct. 8. Today at 5 a. m. an earthquake shock was felt here but no damage was done. New Madrid was the scene of a violent earthquake in 1811, when a great part of the land in the entire county sank several feet, and was overflowed by the Missouri.

THE WEATHER.

Expect Almost Anything Today from Fair to Rain.

U. S. DEPARTMENT OF AGRICULTURE
WEATHER BUREAU.
Washington, Oct. 8, 8 P. M.

Forecast for Saturday for Maine, New Hampshire and Vermont: Partly cloudy weather, probably local showers in northern portions; winds shifting to westerly; warmer, followed by colder Saturday night.

Local Forecast.

Boston, Oct. 8. Local forecast for Boston and vicinity for Saturday: Partly cloudy; fair weather; warmer during the early part of the day followed by cooler Saturday night; southwest winds, shifting to northwest and becoming brisk. Fair and colder Sunday with northwest winds.

Probably your grandmother when a child, knew and used Johnson's Anodyne Liniment.

A MOTHER'S TRUE FRIEND is found in Dr. Pierce's Favorite Prescription. Taken during the period of gestation it so prepares the system for childbirth as to rob that trying ordeal of its terrors and dangers as well as to greatly lessen suffering. The period of confinement is also greatly shortened thereby and the mother strengthened and her system put in the best possible condition. Address World's Dispensary Medical Association, Buffalo, N. Y.

AN ALLEGED SHORTAGE

In the Accounts of Late Tax Collector of Steuben.

Exact Amount of the Shortage Cannot Yet Be Determined.

The Selectmen Bring Suit Against the Estate of Mr. Baker.

Lewiston, Me., Oct. 8. A special to the Journal from Steuben, says: The people of this town are wrought up over the report recently made by their new tax collector concerning what appears to be crookedness in the accounts of the predecessor, the late Henry C. Baker.

Mr. Baker, according to appearances, was a defaulter in the sum of $800, at least, and future investigations may show he was behind more than that in his financial relations with the town.

The selectmen are trying to straighten out matters and have brought suit against the estate of Mr. Baker, and recently called a special town meeting to see if the town would accept Mr. Baker's accounts. Only a few attended the meeting and nothing was done.

It is said Mr. Baker's property is not of sufficient value to cover the shortage but no action has been taken to recover from his bondsman, S. R. Dutton.

As the books show about $2000 of uncollected taxes it is difficult to ascertain definitely at this time the amount of Mr. Baker's shortage and the probable loss to the town cannot be established with accuracy.

Mr. Baker has been tax collector of Steuben for many years. Most people trusted him and none ventured to call his honesty into question or call for an investigation into his affairs until recently, when the new collector, John V. Glidden, began to demand taxes from the people. Then the shortage of Mr. Baker was brought to light.

The books showed that some of the largest taxpayers had not paid their taxes for 1896 and other years, but being asked to settle by Mr. Whitten they produced necessary receipts to prove that they were not behind in the payment of their taxes. The selectmen were notified of this by the new collector.

Mr. Baker died of a cancer last July. During his illness and prior to his death no taxes were collected and his books were kept from public eye. After his death Mr. Whitten was chosen tax collector and the books were delivered to him. None are missing.

While J. C. Goggins was chairman of the board of selectmen, his attention was called to some things in Mr. Baker's accounts which he did not like and once or twice he suggested an investigation, but as his term of office soon after expired, nothing was ever done about it.

Both the town and the heirs of Mr. Baker have engaged legal counsel. The heirs say they will consent to pay the amount of the deficiency as shown by the books, but as all of the delinquent tax payers have not yet been seen, it is doubtful if the town will accept their terms, since it is difficult to determine the amount due.

It appears that the affairs concerning the payment and collection of taxes are badly mixed; and two lawyers are now at work trying to bring order out of chaos. The records show that some of the assessors were not sworn to act according to law and that the taxes have been illegally assessed.

This complication of matters over the taxes in general and the defalcation of Baker have stirred up the town as never before.

Mr. Baker was a respected citizen all his life and belonged to an old and honored family and the evidence of his misdoings while tax collector is a surprise and regret to all.

FOUR DEATHS FROM FEVER

And Twenty New Cases Reported at New Orleans on Friday.

New Orleans, Oct. 8. At 1 p. m., today twenty new cases and 4 deaths from yellow fever had been reported.

HEAVY LOSS BY FIRE.

Gibsonburg, O., Suffered Severely from the Flames on Friday.

Toledo, Ohio, Oct. 8. A fire has been raging at Gibsonburg, near here, for some time. The estimated loss thus far is $300,000.

FOREIGN NEWS.

Quickly Done For.

London, Oct. 8. In the 20 round glove fight between Dick Burge and Tom Causer here today, Burge won in half a round.

Cecil Rhodes Ill.

Cape Town, Oct. 8. Mr. Cecil Rhodes, the former premier of Cape Colony, is seriously ill at Inyanga.

Cabinet Discussed Cuba.

Washington, Oct. 8. There was some discussion of the Cuban question and the seal conference at the cabinet meeting today, but owing to the fact that both these matters are in a transitory condition no definite action was decided upon. The President had hoped to secure a reply to his representations to Spain during the present month, but it was stated at the meeting that the Spanish cabinet crisis would probably cause delay in this matter.

There was more or less speculation on the part of members as to what would be the temper and character of the reply when it should be received.

The opinion was general that the new ministry would manifest a desire to cultivate friendly relations with this country. The desire of the administration appeared to be to meet these advances if they are accompanied by a policy on the part of Spain toward Cuba that will hasten the close of the war in accordance with American ideas.

There was more or less discussion also of the proposed fur seal conference. It was stated after the meeting adjourned that it was not yet considered absolutely settled that Great Britain would not participate in the conference.

The meeting also developed a confirmation of the report that the Union Pacific syndicate had agreed to increase its bid to the government to $50,000,000 and that the attorney general in view of this fact had decided to allow the sale to proceed.

Captains Blamed for Disaster.

New York, Oct. 8. The report of the local board of steamboat inspection investigating the cause of the collision between the steamer St. Johns and the Catskill on September 15th, last, was filed today. The inspectors recommend that the license of Capt. Jacob L. Bristed, of the St. Johns, and Allen Turner, of the Catskill, be revoked.

REVIEW OF TRADE.

Failures the Smallest Known in Any Quarter Since 1892.

New York, Oct. 8. R. G. Dun & Co.'s weekly review of trade will tomorrow say:

Failures were the smallest ever known in any quarter since 1892 and business payments through banks the largest by $208,000,000 ever known in September. The week's exchanges are 8.8 per cent. larger than in 1892.

Crop reports now agree in putting the yield of wheat about 580,000,000 to 590,000,000 bushels, which is nearly 200,000,000 bushels more than will be required for home use. Foreign reports indicate a larger demand and exports since July 1 have been nearly as heavy as in the best past year, with 2,085,784 bushels from Atlantic ports, flour included, for the week, against 2,240,571 last year. The recovery of 1½ cents in price for the past week is not without reason.

Western receipts continue to exceed last year's, 8,001,220 bushels, against 7,243,959 for the week.

With less favorable reports of yield, corn exports fall short slightly with small difference in price. Cotton is unchanged in price with large consuming demand, though big crop estimates do not appear to be disputed. Railroad earnings have been increasing each week in September compared with last year, so that the aggregate of returns for the month, 12.8 per cent. larger than in 1896, are 1.8 per cent. larger than in 1892.

Trunk lines show a gain of 4.3 per cent. and western roads a small loss compared with that year. Chicago east-bound tonnage for the quarter was but 1 per cent. smaller than in 1892, and west-bound freights have been unusually large.

A large increase in the production of pig iron, with heavy realizing sales of lots held on speculation, have caused a decline of 15 cents to $10.60 for bessemer at Pittsburg, though grey forge there has advanced 25 cents and pig is stronger at Chicago and eastern markets.

Wool has now reached an average of 20.37 cents per pound for 100 quotations of domestic by Coates Bros., of Philadelphia, showing a rise of 8 cents since a year ago, with a much heavier rise on some qualities, but following an average decline of 11 cents from March, 1893. Speculative sales still account for most of the aggregate, which has been at the three chief markets 14,337,000 pounds for the week, of which 8,955,800 were domestic, but manufacturers are purchasing some wool for mixture with the cheaper wool held for some months past.

The rise has so greatly exceeded the advance in prices of woolen goods that the mills might have to pause, but for the very large stocks purchased in advance. Goods are strong, with a further advance in some grades, but in the aggregate thus far not 20 per cent. from the lowest point, against 60 per cent. advance on the average price of wool. Dealings in cotton goods are delayed by weakness in raw cotton, but neither print cloths nor other goods have declined since last week, and though the mills are not quite fully employed, a continual increase in consumption is with reason expected.

The disastrous influence of the great rise in boots and shoes and in leather during the fall of 1895 still checks dealings in these products and slow business has now brought a slight decline in the average price of boots and shoes and also in prices of sole leather, while hides are again a shade lower at Chicago.

Failures for the week were 212 in the United States, against 250 last year, and 20 in Canada, against 46 last year.

Boxing at Bar Harbor.

Bar Harbor, Me., Oct. 8. Joe Mullins, of Boston, and Isadore Strauss, of Philadelphia, contested for six two-minute rounds at Music Hall tonight for the lightweight boxing championship of New England. The referee decided it a draw, although Strauss had clearly the better of the go.

New Postmaster for South Brewer.

Washington, Oct. 8. Seventy-four fourth class postmasters were appointed today. They included:

Maine—Canton, Chas. H. Gilbert; Notch, Flora E. York; Sea Wall, Lewis F. Newman; South Brewer, Fred W. Deane.

Weak, Tired, Nervous

Liver and Kidney Troubles and Palpitation of the Heart—Appetite Poor and Could Not Sleep.

"For nearly 10 years I have been troubled with my liver and kidneys and palpitation of the heart, and was under the doctor's care most of the time. I could not lie on my left side. My appetite was poor and I could not sleep. In January the grip confined me to the house. I was very low and was attended by the very best physicians I could get. It seemed as though nothing would help me. In March I began taking Hood's Sarsaparilla. In less than a week I could get a good night's sleep. I continued taking Hood's Sarsaparilla and I am now able to lie on my left side which I had not been able to do for years. My appetite is good and I have gained in flesh and strength." Mrs. Nicholas Maas, Independence, Iowa. Remember

Hood's Sarsaparilla

Is the Best—in fact the One True Blood Purifier. All druggists. $1, six for $5. Get Hood's.

Hood's Pills are purely vegetable, reliable and beneficial. 25c.

Fur Goods.

It's like investing money when you put it into furs. Furs last so long. They give so much comfort. The ones we sell have been most carefully selected. We have a large variety. We're able to save you money on any of them.

ARTICLES OF ASSOCIATION.

In accordance with the provisions of the Revised Statutes of the State of Maine, chapter 48, sections 16, 17, 18 and 19 and all acts amendatory thereof or additional thereto, we the undersigned, whose residences are stated opposite our respective signatures, hereby associate ourselves together by these written articles of agreement for the purpose of organizing a corporation under the laws of Maine, for the purpose of printing and publishing a daily and weekly newspaper, of doing a general printing business and to the above named ends of owning or leasing real estate and personal property and doing all things which may be found necessary, useful or convenient.

Said corporation shall be located at Bangor, in the County of Penobscot and said State of Maine, and shall have its office at said Bangor.

The first meeting shall be held in accordance with and for the purposes enumerated in section 17, of said chapter 48 as amended at the office of the Bangor Whig and Courier in said Bangor, on the 14th day of October, A. D. 1897, at 3 o'clock P. M.

Dated at Bangor this 29th day of September, A. D. 1897.

Names.	Residence.
C. A. Boutelle	Bangor, Maine
E. P. Boutelle	Bangor, Maine
H. H. Fogg	Bangor, Maine
Charles V. Lord	Bangor, Maine
George Varney	Bangor, Maine

BY BOUTELLE BROTHERS.

All business letters should be addressed to Boutelle Brothers, and communications intended for publication should be addressed: "Editor of Whig and Courier."

SATURDAY, OCT. 9, 1897.

Success to It.

The enterprising people of Presque Isle are agitating the project of building a woolen mill in that town. The matter has been fully discussed among the citizens and finally a manufacturer of wide experience was invited to Presque Isle for the purpose of investigating the advantages offered by the town. He met with the citizens and gave them much valuable information. It was his opinion that no more desirable industry could be established than a woolen mill. It employs an intelligent class of help at remunerative wages. He thought what is termed a six-set mill would be about the right capacity and figured that it would cost about $60,000 and would require a capital of $40,000.

The prospect of enlisting capital in outside financial circles to float such a venture, he said, would depend on the showing of the advantages in locality, and the subscription of an amount of local capital distributed among those whose interest in the enterprise and good business judgment would be a guarantee that the interests of outside investors would be well cared for. Under proper management no industry commended itself to investors as a safer and more satisfactory form of investment than the woolen industry. Properly managed it should insure investors a per cent. for their money, and at the same time carry a respectable amount ...ly to surplus.

...o far as Presque Isle was concerned a chance to locate, he was most favorably impressed with its advantages. ...ere were the advantages of abundance and cheapness of labor as well as fuel, ...d there were other decided advantages. ...ere was only one drawback as compared with points in the southern part of the State, and that was the distance of transportation and greater freights, but ...s was a matter of comparatively minor importance. The difference would but slight, and there were advantages ...n the locality which very much more than offset this. At the conclusion of a meeting Messrs. T. H. Phair, A. R. ...uld and S. B. Gates were chosen a committee to see what can be done to enlist capital for the establishment of a woolen mill in Presque Isle and to report as early a date as possible.

THE WHIG hopes the project may ...ve a success. Every new plant established adds the wealth and general thrift of the State, and everything that tends to build up Maine should have the hearty support of all our people.

People Prosperous.

...casionally a Democratic editor manifests a disposition to question the turn of the tide of business and intimates that ...e Republicans are manufacturing ...gns of prosperity" for political ends. ...Eckels, the Comptroller of the Currency, is a Democrat, whose integrity and business sagacity has often been vouched for by the same editors. Mr. Eckels has just returned from an extended trip through the West and in speaking of his journey he said:—

"Naturally I met a great many bankers while on my journey. Their reports of business were invariably encouraging and confident. The figures show that bank clearings have increased very materially in the last few months and that bank deposits are much larger."

"I visited Montana, Colorado, Utah and Nebraska. There is no doubt but that the conditions of all classes of people in those States has materially improved.

"The improvement has come rapidly and permeates all branches of industry. It began with the agricultural class. The farmers have large crops and are getting good prices for them. The cattle raisers are benefited by a substantial increase in the price of cattle, and the same is true with the sheep raisers. The improvement in agricultural interests has had its effect upon the railroads by increasing their earnings. It has put money into circulation, and has enabled people to discharge their debts and thereby benefited the merchants.

"In Colorado there are actually more men at work in the mines than ever before in the history of the State, notwithstanding the fact that many silver mines have been compelled to close. Some of the silver mines, however, are running, and are doing well by getting out the lead deposits.—The price of lead has advanced very sharply, and as a great many of the silver mines are also lead-bearing properties their owners are working them at a profit.

"It would be foolish to attempt to deny the fact that the people of that section are attached to silver and to any policy which would seem to be in its interest. They are hoping that something may be done to raise the price of silver, but in the meantime they are not sitting down idly and folding their hands.

"They are developing every resource of the State, and Colorado is one of the richest in the Union. I believe it will be possible for the State to produce within its borders every staple that its people need. Manufacturing enterprises are springing up on every hand, and with wool at their very doors woolen mills are running at a profit.

"The gold mining region of Cripple Creek I believe to be the richest section upon the globe. Cripple Creek is sending out $1,000,000 a month in gold taken from its mines. The town is building up rapidly, and I was struck by the fact that it maintains public schools of a high order of excellence.

"The agricultural interests of Colorado are being rapidly developed by the aid of irrigation. The president of the Denver & Rio Grande Railroad told me that four years ago he endeavored to bring to Denver one car load of Colorado fruit, and could not get it. Now, the road transports hundreds of cars of the finest fruits, as it has been found that they can be raised in Colorado.

"Coming back by way of Nebraska, I found the same gratifying conditions of business in that section. Kansas, Nebraska and Oklahoma have sold 130,000,000 bushels of wheat this year at an advance in price. Fortunately the producer has been benefited by the advance, as the wheat was in his hands when the rise in price came.

"That is a great section, that Western country, and I think that the Government officials ought to visit these States more frequently and get in closer touch with these people."

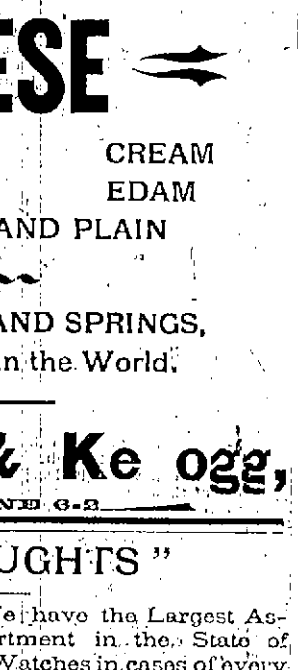

At Hoganeville

The Boston Advertiser says: Although it was announced a few days ago that the colored postmaster at Hoganesville, Ga., had finally decided to give up his position at that place and to accept a clerkship in Washington, the story seems to be contradicted on good authority. Apparently Postmaster Loftin prefers to retain his position at Hogansville, although he hazards his life in doing so. He may prove a martyr, but he is determined not to be regarded as a coward. In his sturdy stand he has the sympathy of the great majority of the American people and his attitude and action may have an important influence upon American history.

The present postmaster at Hogansville is a little over 30 years of age, had a good public school education, and was graduated from Clark University in Atlanta. He is an influence of some importance in Georgia politics and before his present appointment he helped to secure the appointment of his brother as a deputy-collector of internal revenue. Not very long after the appointment, the deputy-collector was murdered, apparently for the sole reason that, being a colored man, he had dared to accept a federal office.

When Postmaster Loftin was appointed, he knew that his acceptance of the appointment meant danger to himself. He could secure no building in the business section of Hogansville and the white citizens of that place by an ingenious arrangement in the shape of a joint order for their mail practically kept the former postmaster, a white man, of course, in office, although Loftin held the commission and drew the salary. Loftin was thus boycotted, but he refused to resign. Last month an attempt was made to murder him but he was merely wounded. Nevertheless, he refused to resign his position.

Of course, all this tends to injure the reputation of Georgia because it demonstrates that certain sections of that State are lawless and under the practical domination of assassins. If the people of Hogansville are attempting to dictate to the government of the United States it might be a good idea to abolish the postoffice at Hogansville for some time to come. If there were any reasonable objection to the appointment of Postmaster Loftin the case might be different. His sole offense seems to be that he is not a white man and that he was once a teacher in the negro public school. It does not appear that in any way he has injured any citizen of Hogansville or has done any harm whatever to the interests of the community.

There is a popular misconception to the effect that corpulent people are healthy people. In a large percentage of cases this is a mistake. Corpulent people suffer from ill-health just as much, and sometimes more than thin people. Like thin people they suffer from illnesses and disorders that are caused by indigestion, and torpidity of the liver.

There is a sure and speedy remedy for ills of this description. It is Doctor Pierce's Golden Medical Discovery. Thousands of corpulent people who need this medicine have failed to take it because of its world-wide reputation as a blood-maker and flesh-builder. They imagine because it has an established reputation for building up the flesh and strengthening emaciated people, that it will make corpulent people more corpulent. This is a misconception. The "Golden Medical Discovery" builds firm, healthy flesh but does not raise the weight above a natural normal figure. Unlike cod liver oil, it does not make soft, flabby flesh. It builds solid, healthy flesh but tears down and excretes the weak, half-dead tissues that constitute corpulency. It makes the appetite keen, the digestion perfect, the liver active, the blood pure and the nerves steady. It cures all blood and skin diseases. An honest dealer will not offer a worthless substitute for the sake of extra profit.

"I got a cancer on my tongue and had it cut out," writes Peter J. Krocker, of Inman, McPherson Co., Kans. "I consulted fifteen different physicians without deriving any benefit. At last I turned to Dr. Pierce's Golden Medical Discovery. I persisted in its use and my health is better than ever before. Formerly every accidental wound I received would fester and would not heal. Now, such lacerations heal themselves."

Cure — always. Gripe — never. Doctor Pierce's Pleasant Pellets for constipation and biliousness. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. In obstinate cases use the "Discovery" in connection with the "Pellets." Druggists sell them.

RAILROADS.

MAINE CENTRAL RAILROAD.

ARRANGEMENT OF TRAINS,
In Effect Oct. 4th, 1897.

Until further notice, trains will leave Bangor as follows:

GOING EAST.

6 2.. A. M.—For St. Stephen, Aroostook County, St. John and all points East of Bangor in Maine and the Provinces, with Pullman Car for St. John.

7 00 A. M.—For Oldtown and all points on the B. & A. R. R.

12.10 P. M.—Mixed for Mattawamkeag.

3.35 P. M.—For Vanceboro, St. Stephen, Houlton, Woodstock and St. John.

3.45 P. M.—For Oldtown, Patten and Aroostook County points via B. & A. R. R.

4.25 P. M.—For Oldtown and Greenville via B. & A. R. R.

6.25 P. M.—For Oldtown and Mattawamkeag.

GOING WEST.

7.15 A. M.—For all points West, connecting at Newport for Dover and Foxcroft, and Moosehead Lake, Burnham for Belfast, at Waterville for Oakland, Winthrop, Lewiston, Farmington, Phillips and Rangeley, at Portland for Montreal and Toronto.

12.35 P. M.—Mixed, for Waterville and way stations, connecting at Burnham for Belfast.

1.15 P. M.—Flying Yankee for Boston, with through Parlor Car running via Augusta, stopping at and connecting for Newport, Dexter, Dover and Foxcroft, Moosehead Lake, Belfast, Skowhegan, Waterville, Augusta, Portland and Boston.

4.30 P. M.—For Dover and Foxcroft and Moosehead Lake via Dexter, and mixed from Newport for all stations as far as Waterville inclusive.

8.00 P. M.—Every Night for Portland and Boston via Augusta, connecting for Lewiston, and Bath. Pullman sleeping cars attached for Portland and Boston.

11.25 P. M.—Express for Portland and Boston, with sleeping car attached for Portland and Boston.

BUCKSPORT BRANCH.

Trains leave Bangor for Bucksport at 6.25 A. M., 1.45 and 4.45 P. M. and 6.45 P. M. Saturdays only. Arrive at Bucksport 7 45 A. M., 2.45 and 5.45 P. M. and 7.45 P. M. Saturdays only. Leave Bucksport for Bangor at 6.10 A. M., Mondays only, 10.15 A. M., 3.15 and 6.15 P. M. Arrive in Bangor at 7.30 A. M. Mondays only, 11.20 A. M., 4.15 and 7.15 P. M.

MT. DESERT BRANCH.

Trains leave Bangor for Ellsworth and Bar Harbor at 6.45 and 8.15 A. M., 3.50 and 6.40 P. M. Leave Ellsworth 7.53, 10 33 A. M., 5 00 and 7 54 P. M. 6.45 A. M. train connects for Sullivan and Sorrento.

Trains leave Bar Harbor (steamer) at 7.30 A. M. 10.30 A. M., 3.15 and 7.30 P. M. Leave Mt. Desert Ferry at 8.30 A. M., 11.20 A. M., 4.00 and 8.25 P. M. Leave Ellsworth 9.23, 11.52 A. M., 5.27 and 8.54 P. M. Arrive in Bangor 11.15 A. M., 1.50, 6.40 and 10.50 P. M.

SUNDAY TRAINS.

8.00 A. M.—For Bar Harbor Oct. 3d, 10th and 17th only.

7 15 A. M.—For Waterville, Augusta, Portland and Boston.

Pure food or poor food? Take your choice— COTTOLENE or lard?

The genuine Cottolene is sold everywhere in one to ten pound yellow tins, with our trade-marks—"Cottolene" and steer's head in cotton-plant wreath—on every tin. Not guaranteed if sold in any other way. Made only by THE N. K. FAIRBANK COMPANY, Chicago. St. Louis. New York. Montreal.

CLARION RANGES AND STOVES Make Friends Everywhere because they can be relied upon AT ALL TIMES and are THOROUGHLY CONSTRUCTED in the best manner possible.

New Designs, New Improvements, but the same old standard of excellence in every detail. Ask your dealer for them or write to the manufacturers. WOOD & BISHOP CO., Bangor, Me. THE IMPERIAL CLARION. Established 1839. Incorporated 1894.

FOREIGN NEWS.

Press Comments on England's Refusal to Participate

In Seal Conference with Russia and Japan—Other Items.

London, Oct. 8.—The St. James Gazette this afternoon, referring to the formal announcement of Great Britain's declination to take part in the Behring Sea conference with Russia and Japan says: "There will be a feeling of relief that Great Britain in behalf of Canada, has finally declined to walk into the trap which was being arranged at Washington. America has never paid the damages for the illegal seizure of Canadian sealers and has exhausted every diplomatic artifice to evade the award, finally demanding a fresh conference. The Marquis of Salisbury consented, whereupon America calmly proposed that Russia and Japan should have seats at the conference, with the obvious intention of outvoting England and upsetting by a side wind the Paris award."

The Globe commenting on the same subject this afternoon remarks: "As a mere matter of business it is time that a firm check was put upon the policy of the United States in dealing with this country. There is no cause to adopt the theory that the Marquis of Salisbury almost regretfully refuses to participate. In the interests of Canada it is well to let the United States understand that no settlement of the question will satisfy Great Britain which sacrifices a jot or a title of the just and equitable rights of the loyal Dominion of Canada."

Cause of the Suicide.

Vienna, Oct. 8.—It transpired today that Count Heinrich Wurmbrand, the son of Count Wurmbrand, who was minister of commerce in 1835, committed suicide by shooting himself in a cab owing to his unreciprocated attachment for the family's English governess, who declined to marry him. The deceased was only 19 years of age.

Probable Diplomatic Change.

Madrid, Oct. 8.—Among the diplomatic changes reported as being imminent here is that the Duke of Almordova or Senor Muruaga will replace Senor Dupuy de Lome as Spanish Minister to the United States.

To Build Fast Steamers.

London, Oct. 8.—A special despatch from Paris says that the French Steamship Co. will shortly construct a new fleet of steamers for service between Havre and New York, and that the average speed of each steamer will not be less than 22 knots per hour.

French Expedition Starts.

Lagos, West Coast of Africa, Oct. 8.—A French expedition, consisting of 500 soldiers and 2,000 carriers, has started from Porto Novo, coast of Dahomey, for Mikki, whence it proceeds to the Hinterland of Lagos. The colonial government is taking active steps to prevent this force from encroaching upon British territory.

The French officials, it is stated, have pressed natives of Lagos and their canoes into service of the expedition.

DENIES THE CHARGE.

Liponites Willing to Return to Baltimore

Boston, Oct. 8.—Wm. Liponites of Baltimore, who is locked up at police headquarters, charged with being a fugitive from justice, denies the charge of stealing $800 from his father, under which he was arrested, and is making preparations to go back to Baltimore, where, he says, he will compel his father "to eat the words which he has spoken."

It is learned that a quarrel arose between young Liponites and his father, who is a wealthy liquor dealer, and for whom the son worked, and the latter left the store, taking all the money there was in the till, nearly $800. William says that if he had all that was due him, the amount would be more than what he took.

William came direct to Boston, where he placed the money in a savings bank and secured a position and added his savings from his wages to this bank account. This morning William produced his bank book and told his story and said he was willing to draw the money if an officer would accompany him. This was done. The prisoner then waived requisition rights and will start for Baltimore as soon as an officer reaches Boston.

A Technical Discrepancy of $5,000,000.

New York, Oct. 8.—The expert accountants, who, under direction of Comptroller Fitch, have been investigating records and accounts in Greater New York territory preparatory to consolidation, have found discrepancies amounting to $5,000,000. These are technical in nature, and are largely due to careless misplacing of ledgers and other record books in towns of Flatlands, Flatbush, New Lots, New Utrecht and Gravesend. For similar reasons a confusion of accounts is reported to exist in the Brooklyn department of arrears.

Dismasted Ship Reported.

New York, Oct. 8.—Capt. Bruce of the American ship Jas. Nesmith which arrived this morning from Port Natal reports that he saw the dismasted ship May Flint yesterday afternoon about 40 miles off Highlands, N. J., bound under her own sail. Though he passed near her he did not speak to her as she appeared to be bowling along without trouble under a jury rig.

The May Flint was reported by the Harrison Line steamer Craftsman, which arrived at New Orleans, Sept. 23, as having encountered a hurricane about Sept. 8, in lat. 39, north, long. 37, west, which carried away all her rigging and masts. Her captain declined assistance and said he would steer for the nearest port as her hull and steering gear were intact.

Alleged Swindler Held.

New York, Oct. 8.—Emmett C. Gibson, alias Geo. A. Sherin, the alleged swindler, was arraigned in the Jefferson Market police court this morning on the complaint of H. P. Stinson, auditor of the Imperial hotel. Stinson charges Gibson with passing fraudulent checks for $540 on the hotel, besides swindling it out of $285 for board. His swindles, it is said, amount to about $400,000 and extend all over the country. Gibson is a lawyer by profession and is 39 years of age. He refused to talk about the case this morning until counsel should arrive.

Mate Stabbed by Seaman.

New York, Oct. 8.—When the American ship James Nesmith arrived at Quarantine this morning from Port Natal, South Africa, Capt. Bruce reported that on Sept. 14, an Italian seaman named Jose More, who was shipped at Port Natal, stabbed Chief Mate Cronie and also W. T. Morris, sail maker; the latter was dangerously wounded, the main artery in his arm being severed. More was overpowered by the crew and placed in irons. He is supposed to have been insane.

Gov. Pingree Arrives in New York

New York, Oct. 8.—On the Red D line steamer Venezuela, which arrived this morning from Venezuelan ports was Gov. H. S. Pingree, of Michigan. Gov. Pingree when seen at quarantine looked the picture of health. He said it was his first vacation in nine years and he enjoyed the trip immensely.

He met President-elect Andrade and dined with him at his country seat. He was most favorably impressed with Mr. Andrade, who proved to be a broad-minded, liberal statesman.

Gov. Pingree intends leaving for home at 6 o'clock tonight.

Gold Coming to America.

New York, Oct. 8.—Gold to the amount of $1,300,000 has been engaged in London, $500,000 by Ladenburg, Thalmann & Co. and $800,000 by Kuhn, Loeb & Co., which makes the total of gold engaged for import since Sept. 30, $5,100,000.

Later it was announced that Ladenburg, Thalmann & Co., had engaged $250,000 additional gold in London for shipment to this city. This brings the total to $5,350,000.

An Independent Nominee.

Albany, N. Y., Oct. 8.—The independent nomination of Chas. Frederick Adams for chief judge of the court of appeals on the ticket of the United Democracy was taken to the office of the secretary of state a few minutes before midnight last night by Republicans. The document was received by a watchman and was on file this morning.

THE LYNN CARNIVAL.

City Government Day Observed Friday.

Lynn, Mass., Oct. 8.—The fifth day of the carnival is city government day, and the feature is a parade of municipal departments under the command of Major Walter L. Ramsdell. Stronghold of Fanatics Captured

Washington, Oct. 8.—The Brazilian Legation in this city has just received an official cablegram from Rio de Janeiro advising it that Canudos, the ... of the religious fanatics in the interior of the state of Bahia, has been captured by the forces of the federal government and that Antonio Conselheiro, the chief of the fanatics, is dead.

Thomas Blair was before Judge Stevens in the Hallowell municipal court Thursday morning, held on a warrant charging him with the larceny of a gold watch chain and charm, the property of John Burns, Jr. Blair pleaded guilty, and was bound over to await the action of the December term of the superior court, surety in $200 being furnished. The value of the stolen goods amounted to about $27, and the case was therefore beyond the jurisdiction of the municipal court. It seems that the watch, chain and charm were stolen from Mr. Burns' store on one day in July, but were not missed until three days later. The officers have since been on the lookout for traces of the stolen property, but no tangible clue was obtained until Wednesday evening, when Blair was seen to display a watch closely resembling the stolen timepiece. Later investigation resulted in the recovery of the same, and Thursday, the confession of the theft by the aforesaid Blair.

HUNDREDS OF LIVES SACRIFICED.

Only One Person in Fifty Cured.

The Old Methods of Treating Catarrh, Bronchitis and Asthma Condemned.

THEY ARE AGAINST NATURE'S LAWS.

The New Discovery, "Hyomei," Found to be the Only Rational Cure for These Diseases.

...statistics show that less than two per cent. of the people suffering from Catarrh, Bronchitis and Asthma have ever been cured by any of the old methods of treatment. It seems strange, ... that in this enlightened age the reason for the ... failure to bring relief to so many thousands of sufferers has not been discovered before, and it only proves that men and women, ... however intelligent and careful they may be in the management of their daily affairs, lose their heads completely and use neither common sense nor good judgment when confronted by disease. How much confidence would any one have in the physician who proposed to cure diseases of the liver and kidneys by forcing air ... through those organs? Yet there are hundreds of people here today who are doing what is equally absurd, that is, trying to cure Catarrh, Bronchitis and Asthma with liquids, ... atomizers, well knowing that they defy the laws of nature, which never intended the air passages for the use of such ... There is but ONE way of successfully treating diseases of the Head, Throat and Lungs, and ...

THROUGH THE AIR YOU BREATHE.

Physicians now condemn all other methods and endorse "Hyomei," the New Australian Dry Air Treatment, which

BREWER LOCALS.

The engine house on Parker street has been wired for electric lights which will be put in use shortly.

Miss Grace Buck, who is attending the Bangor Business College, went to Foxcroft yesterday to spend Sunday at her home.

Mr. Frank Pierce, his son, Ralph, and Clarence Gray, who have been spending several days at Stumblow, have returned home.

Mrs. Mark Patten has leased the tenement on State street recently vacated by Mr. and Mrs. R. W. Merrill, and has moved in.

Mr. Fred W. Doane, of South Brewer, has been appointed postmaster at that end of the city and will assume the duties of the office very shortly.

A meeting of Excelsior Hose Co. is called for Monday evening at 7 o'clock when the members will be met by the new chief engineer, C. W. Currier.

A crew of 25 men from South Brewer started up river Thursday for the West Branch where they will be employed during the winter in lumbering operations.

The street crew was at work yesterday lowering one end of the new granite cross walk on Main street at its junction with Parker street, it having been found to be too high for safety.

Lilly McDonald, the little South Brewer girl, who was so badly injured a short time ago by being run over by a jigger, continues to improve and there seems to be no doubt of her recovery from her injuries.

Mrs. A. H. Given's millinery opening was continued and closed yesterday and during the day her store was visited by a large number of the ladies who greatly admired her beautiful stock. Mrs. Given cordially invites all to call at any time and see her goods.

Capt. Benjamin R. Arey, Jr., of this city, has arrived at New Bedford in the steam lighter Medora, with which he started from here several days ago. The crew, who are Brewer men, will return home but Capt. Arey will remain in the employ of the concern that has bought the lighter.

The Ladies' Auxiliary of the First Congregational church gave a social and entertainment in the vestry last evening which was well attended and a very pleasant event. Delicious refreshments were served and a musical and literary programme was carried out nicely and greatly enjoyed by the audience.

Mr. George W. Blanchard and Miss Bertha M. Bragg, both of this city, were married Thursday evening at Mr. Blanchard's residence on Main street, Rev. W. E. Lombard, pastor of the First Baptist church, performing the ceremony in the presence of a few of the relatives and friends of the contracting parties. After the ceremony delicious refreshments were served and the evening was very pleasantly passed. Mr. and Mrs. Blanchard leave today on a wedding trip through the White Mountains and to New York and will be at home after October 25th. Both are well known and have many friends who will unite in extending congratulations and best wishes.

Sunday Services.

First M. E. church, Rev. John Tinling, pastor. Sermon at 10.30 a. m. Sunday school at 11.45 a. m.; Junior Epworth League at 3 p. m.; Epworth league at 6.15 p. m.; evening praise and prayer service at 7. All cordially invited.

First Baptist Church, corner Main and Parker streets, Rev. W. E. Lombard, pastor. Seats free. Sermon at 10.30 a. m.; Sunday school at 11.45 a. m.; evening service at 7 p. m. All welcome.

The weekly meeting of the Pine Grove Christian Endeavor Society will be held Sunday afternoon at 2.30 o'clock at Pine Grove Hall on the Pierce road.

South Brewer Congregational church, Rev. James Ramage, pastor. Preaching service, 10.30 a. m.; Sabbath school, 11.45 a. m.; evening service, 6.30 p. m.

First Congregational church, Rev. B. B. Merrill, pastor. Sermon at 10.30 a. m.; Sunday school at 11.45 a. m.; Y. P. S. C. E. at 6 p. m.; harvest concert at 7. All cordially invited.

The Bazin Boat Failure.

The Bazin roller boat, which was promised would do such wonderful things in the way of speed, has now been put through its trials and as is now generally known has been found wanting, is a lamentable failure and furnishes yet another instance of the enthusiasm of an inventor seeking to override the ascertained possibilities of mechanical effort. Instead of a speed of 20 knots, as anticipated, only 8 knots has been attained, and this notwithstanding that the power exerted was very considerably in excess of that anticipated in the original designing of the engines. M. Bazin, in addition to having to suffer the agonies of defeat and to put up with the jeers and taunts of many of his countrymen, has now also to meet the charge of plagiarism, several French contemporaries having pointed out that his scheme was anticipated although there were slight differences in actual design of the "rollers" and the method of propelling them.

A Lewiston detective in Farmington two weeks ago and the officers there asked him to go over to the jail and look at a man they had who gave his name as Fred A. Brown. He did so and after looking at the man, whom he had never seen before, he made the fellow believe that he knew him. "Who are you?" asked the prisoner. "Never mind who I am. You will remember me before morning. What I want you to do is to tell these people your whole story. If you do it will be all right; I will keep my mouth shut. But if you do not I'll tell what I know about you." The next day the man sent for the jailor and confessed the whole story of his crimes.

THE YELLOW FEVER.

Death Rate Sinks Below Ten Per Cent. at New Orleans.

New Orleans, Oct. 8.—The early morning report today was six new cases of fever and two deaths. The number of recoveries is averaging 20 per day. The death rate last night had sunk below 10 per cent. owing to the increase in the new cases and the decrease in deaths.

Three Deaths at Edwards.

Edwards, Miss., Oct. 8.—There have been three deaths from yellow fever this morning as follows: White: J. H. Slocumb, Sr.; W. H. Fuller, Sr. ... Colored: Mrs. Henry Brown. This makes a total of 18 deaths.

Official Bulletin.

Washington, Oct. 8.—Surgeon General Wyman's yellow fever bulletin covering the progress of the epidemic yesterday, shows the following results at the various infected points:

New Orleans, 31 new cases, 2 deaths; Mobile, 4 cases, no deaths; Biloxi, 10 cases, 1 death; Ocean Springs, no new cases, and no deaths; Scranton, 7 new cases, no deaths; Edwards, 10 new cases, no deaths; Nitta Yuma, no cases, no deaths; Henderson Point, 3 new cases, no deaths; Clinton, Miss., to date, 10 cases and 1 death.

ALL OVER THE STATE.

In the Portland municipal court Thursday morning, Thomas J. McDermott was charged with the larceny of a pair of $3 pants from Arthur Sloan, who is employed on one of the Boston steamers. The pants were stolen on Monday and on Wednesday McDermott was confronted with the charge. The imputation he indignantly denied but Inspector Fickett commanded him to haul up his overalls. When the prisoner complied the Sloan trousers were found on him. Then, McDermott, who was four times before the court last year and the same number for this year, admitted his guilt. Judge Robinson dealt out a sentence of 30 days in jail.

A Bowdoinham hen that has taken to crowing is so pleased with her performance that she begins about nine o'clock every evening and keeps it up all night, which leads a mean old bachelor to remark that when women get to meddling with men's work they always overdo it.

A Biddeford expressman still cherishes the first dollar bill he received on starting in business 22 years ago. If he keeps it long enough, some collector may offer him a big price for it yet.

Lewiston's city liquor agent heard a noise in the back room, the store room of the agency, Wednesday afternoon. It sounded as if some one was trying to force an entrance to the room by way of the window. The agent listened for awhile, and could plainly hear a scratching sound, as if the putty on the windows were being removed. After a little he rushed out armed with a black junk bottle, and there on the outside of the window could plainly be seen the thief. It was Sam Cole's rooster which had escaped from the barn and was scratching vigorously on the window ledge. He was not arrested.

Tuesday evening Sheriff Piper assisted by Deputies Mulligan and Hanna made the biggest seizure of liquor ever made in Lincoln county. They went to the county fair grounds and captured ten barrels of lager beer which were there in the possession of a Gardiner man who intended to keep an open bar. He ran up against the wrong set of officers, however, and it didn't take them long to demolish his business. They made the capture just at the right time as a big pile would have been put out Wednesday. On Wednesday they finished their job by making search and seizure in two places down street at W. B. Taylor's and at W. R. McNear's. They found some beer at the latter place and beer and whiskey at the former. At Taylor's, Deputy Sheriff Hanna was assaulted by Mr. Taylor with a small iron bar and threatened with a revolver. Mr. Hanna overpowered him and held him till Sheriff Piper and Deputy Mulligan arrived. The liquor cases will be heard before Trial Justice Webster Saturday. Mr. Taylor will be arraigned for assault on an officer.

Saco boys have the cavalry craze the worst way. They caught it from Troop F's exhibitions at the fair grounds and baseball, football and all else has lost interest to them, says the Biddeford Record. There are squads and armies of amateur troopers and they have their camps and weapons and in every way try to emulate Troop F. Two or three, who are the envy of the others, have horses or ponies. Some of them have to make bicycles do for war steeds, while the great majority have no better mounts than sticks which they straddle and run around with. Quite a number have air guns and these weapons are also the occasion of deep envy. Some have the swords and those that can do no better have wooden swords of their own make. They have got the sabre exercise down fine and so they have the cavalry yell. They charge imaginary foes, yell like mad and thrust and slash with their swords with a vigor which is quite terrifying.

Deputy Agent W. J. Dyer, of the S. P. C. A., of Portland, and other deputies of the society while at the Little Rigby Agricultural Fair this week, encountered a man by the name of Wilson who said that he resided in Gardiner. Wilson is known not only throughout this State but all New England, as the typical Yankee trader. For the past few years he has owned a horse which unless carefully scrutinized, would pass as a fine animal. But this horse has a serious defect and for a long time has breathed by means of two silver tubes stuck into his neck directly under the windpipe. Deputy Dyer was told in what manner Wilson had been deceiving the country-men. Wilson would attend the fairs for the purpose of trading his horse and getting good "boot." He always had the animal blanketed and would show off the fine points by being cautious enough to have the prospective trader look merely at the hinder parts. The animal is not more than eight years old and would easily pass inspection. As a result Wilson never encountered much difficulty in swapping the horse and getting good "boot" from some farmer. When the unsuspecting farmer would reach home and discover his mistake he would at once set about to find Wilson. Explanations would then be in order and Mr. Wilson would agree to swap over again with the proviso, however, that none of the money received should be returned. Deputy Dyer and the other officials talked for some time with Wilson who at first was highly indignant that his business should be interfered with. Deputy Agent Wilson advised him for his own sake not to attempt to swap the horse again. Wilson informed the authorities that this horse had been a decidedly lucrative source of revenue to him. He stated that he had cleared $2,000 by swapping the horse back and forth and that he had been able to buy a good farm from the proceeds. "You can't do anything to me," said Wilson to the officers. "I have traveled with my horse through Massachusetts and officers have tried to prosecute me, there but they have always given it up. I go everywhere with the horse. Next week I may go to New York with him." Deputy Dyer has reported the case to the society. It is uncertain upon what grounds Wilson can be arrested; but Deputy Dyer is of the opinion that the statute of obtaining money under false pretenses will cover the case. If so, a test case will be made of Wilson.

At the annual meeting of the Damariscotta Creamery Co. held 21 inst. the old board of officers and directors were re-elected; the finances of the company are in an easy condition. There has been brought to the factory to be churned 100,671 lbs. cream, which made 24,121 lbs. butter. The average sales for the year 16 cts. There has been paid to farmers for cream $3,384.00. This shows a fair year's business and gives a good idea of what can be accomplished at the creamery if all the farmers would come in. This amount has been divided up among some 40 or 50 farmers when there might just as well be 200 or 300 getting a good cash price for their product. Butter is on the rise, now those who come in this fall are bound to get good prices. The creamery has orders for far more than it can supply.

Skowhegan Reporter: Although deer are frequently seen in this vicinity it is not often that one falls a victim to the sportsman's rifle, but Robert Waite was lucky enough to kill one Friday. Mr. Waite was out partridge hunting in the vicinity of the Norridgewock road near the Benjamin Canon farm and had stopped in an orchard to watch for gray squirrels. He was reclining on the ground smoking when he heard a noise and looking up he beheld a deer walking along the edge of the orchard. The deer, a good sized buck, advanced to within about 50 yards of him and stood there fully a minute. Mr. Waite had a shot gun and nothing but small No. 7 shot. His longing for a shell of buck shot can be imagined. Finally the deer advanced to within 30 yards of him and stopped behind a bush, exposing the left side of his head. Mr. Waite fired and the deer ran a few feet and fell to the ground in a dying condition. He was quickly despatched by Mr. Waite who was very much surprised and pleased at the result of his shot.

A few days ago the inhabitants of the village of North Anson were a great deal surprised to see a she bear and three cubs rolling along one of the principal streets. The old bear went lame and close observation showed that she had but three feet, the other having been taken off in a trap probably. A gang of boys set out in pursuit of this unusual game and the chase took the direction of the trotting park. The boys got close on to the bears but being armed with shotguns only they did not dare to fire and the bears got safely away.

The Saco bicyclist who declares he saw a ghost come from the cemetery one evening and flit before his wheel, finds there are others. Now comes a Saco man who says that he and another man saw this same ghost or at least one which fills the description pretty well, 16 years ago. They saw the white figure suddenly appear in front of them as they stood upon the Unitarian steps one evening, saw it move toward them and pass around the end of the church. As soon as it was out of sight they ran around the church to see what became of it but it had disappeared. They searched all through the old burying ground and as was a moonlight night he is sure they would have found the white woman if she had been human, but though they followed her around the church almost upon her heels and looked everywhere, even to behind the gravestones, they did not get another glimpse of the figure in white. Periodically there have for years been ghost stories come from the old burying ground and just now they are having a revival.

Speaking of horse sense there's one in East Hebron that two nights recently slipped his headstall off and pushed an inner door open and slid the outer railroad door with his teeth and went into the field and helped himself to grass. He was detected by the prints of his teeth on the cross bar of the door.

An old Bath salt says that the greatest shock he ever received was one night at sea when a stranger appeared to him on the bow of his vessel. It seems that he was a sailor who had fallen overboard from a vessel ahead of them about an hour before and had come aboard his vessel by way of the martingale. He also relates an incident of a pilot who had fallen overboard off Cape Cod one midnight and had swam and floated until the next afternoon, when he was observed in the water by the captain's wife of a passing brig and rescued. This is one argument in favor of women at sea.

The young man who was arrested in Biddeford Tuesday afternoon by Officer Stuart for insulting people on Main street, paid a fine of $1 and costs in the police court Wednesday morning. The man is a well known tonsorial artist near Kennebunk and went to Biddeford to do some business. He mixed up with another Kennebunk man and to be sociable they mixed drinks. He paid the fine and went home.

Tuesday afternoon two men who were badly off for food went into a house on Gooch street in Biddeford, where they helped themselves to a loaf of bread. A passerby who noticed the act and saw the men hide the bread in a cellar notified Deputy Marshal Mogan. Officer Hanson lay in wait near the cellar for the men to come back and get the bread but they did not appear.

The schooner Harold L. Berry, Capt. J. M. Harford, sailed up to South Gardiner from Bath, a passage which is rather uncommon. The captain was anxious to secure a berth and rather than wait for a tow and run his chances of delay in loading, engaged Capt. P. N. Lewis, who is considered one of the best pilots in the river, to take the schooner up. There was a good breeze and fair tide and the passage was made in less than two hours. Very few vessels do this "trick" in that river this season.

E. G. Parsley, Esq., of Bath, was given quite a tumble Tuesday by the carelessness of a bicyclist, who knocked him down and started off without even stopping to find out to what extent he was injured and when asked what his name was, the rider sang out, it was "Smith," but parties who saw the accident said he gave the wrong name. Mr. Parsley is 81 years of age and is the oldest merchant on the street. At the time the collision occurred he was standing in the street by a team purchasing fruit. There was plenty of room for bicyclists to pass without running into him, but Smith, as he called himself, struck Mr. Parsley with his wheel with force enough to knock him down. Wednesday morning Mr. Parsley was hardly able to get out of bed, he was so lame and it will be several days before he recovers. He is rather vexed at the young man for clear, sheer carelessness.

Mr. Trask has drilled one artesian well on Cushing's Island, and has work well along on another. The first well is at Cushing's Point below the Ottawa hotel. It is situated on a ledge near the shore and an abundant supply of water has been secured. The arrangement of the pump, etc., is an exceedingly neat job. The second well is being drilled at White Head, on historic ground. It is virtually a deepening of the old well, built in the time of the Rev. George Burroughs, in 1670, when he and others fled to the island from the mainland to escape the Indians, as told by the late William Sargent in his history of the island. The well is upon the inner slope of the Head. On this site are still to be seen traces of the old redoubt, erected by the refugees, and consisting of a great mass of stone wall.

Mr. Oscar Curtis, of Addison, was thrown to the ground recently by a cow that he was driving to pasture, and was so severely injured that he expired in a few minutes after reaching his home. A physician pronounced his death due to the rupture of a blood vessel on the brain. Mr. Curtis was formerly a member of the Huggles street Baptist church in Addison and was a prominent Addison citizen.

CLOSING SESSION

Of Convention of Maine Federation of Women's Clubs.

Officers Elected, Resolutions Adopted and Constitution Amended.

The closing session of the annual convention of the Maine Federation of Women's Clubs was held Friday morning in the Unitarian church and was well attended. The assemblage was called to order by President Briggs and the first of the morning was occupied with the conclusion of the reports from clubs.

The amendments to the constitution, presented by the committee on revision Thursday, as printed in these columns yesterday, were then taken up and discussed and a number of the delegates spoke on the subject. There was considerable opposition to the second amendment, which makes a provision for a per capita tax on the clubs instead of the annual payment of $2 by each club, principally as being rather heavy on the several unions or federations of clubs in the larger cities. In these cases a portion or all of the clubs belonging to the local unions are individually members of the State Federation and pay a tax as such. The amendment as proposed would make a large tax on the unions that would, it was argued, be a second tax on its individual members.

An amendment excluding unions of clubs from the provisions of the section submitted was proposed by Mrs. Wing, of Lewiston, but was rejected.

Another amendment was offered by Mrs. Keyes, which provided, after an amendment fixing the minimum tax at $2 had been adopted on motion of Mrs. Moody, of Portland, for an additional tax of $1 for every 50 members or majority fraction thereof over a membership of 50. This was rejected also but after a short discussion, on motion of Mrs. Stevens, the vote rejecting it was reconsidered and the amendment again came before the convention.

Mrs. Frye, of Lewiston, moved that the whole matter be laid on the table but the motion was lost.

After some discussion a final vote was taken on Mrs. Keyes' amendment and it was carried.

The consideration of the constitutional amendment relating to representation at the State conventions was laid on the table temporarily while the report of the committee on necrology was presented by Mrs. G. C. Parker, of Winthrop, as follows:

The Necrology.

Madame President, Ladies of the Federation:

In this meeting where all is light and life and the business to which we must attend, the care for this day, and plans for our season's work, we pause to think of those who were with us one year ago.

A glad report comes from many clubs that their number is unbroken during the year that is gone, and from some that not one member has been lost by death since their organization.

But our thoughts are saddened by the knowledge that others, as they gather in the home circle and for their study week by week, will sadly miss a face, a voice; there the Death Angel has visited and the dear one is gone—out into the life which has no end.

It becomes my sad duty to report to you the loss of Mrs. B. F. Bradbury from "The Barton Reading Club" of Norway.

"The Woman's Literary Club" of Fryeburg has lost by death two of its members, Mrs. Sarah Johnston Bradley, who died at Hotel Bellevue, Boston, Feb. 4th of this year, and Mrs. Mary Barrows Shepley, who died in Brookline, Mass., Oct. 18th, '96. Mrs. Shepley was an honorary member but much interested for the club.

In the "Ammoncongin Literary Club" of Cumberland Mills is reported the death of Mrs. Emeline Jackson, who was their first president.

Miss Maud Davis, a charter member of Madison "Sorosis," passed from this life at Forest City, Florida, May 8th.

The "Woman's Literary Union" of Lewiston and Auburn loses by death this year: Mrs. Fannie Foss Skinner and Mrs. Alice Perkins Hanson from the "Art and Literature Club" of Auburn; Mrs. Julia F. Young of the Auburn "Reading Circle;" Mrs. Augusta Hall Walker of "The Murray Club," and Mrs. Dora M. Tarbox of the "Cosmos Club" of Lewiston.

The Skowhegan "Sorosis" suffers the loss of Miss Evelyn P. Dow, who was secretary of the club.

The "Island Reading Club" of Orono reports the first death since its organization (in 1892), Mrs. Ellen Hamilton, who was a charter member.

The Winthrop "Literary Club" loses its first member by death, Mrs. Lena Jewel Ingham.

Portland "Literary Union" records the death of Mrs. Paul D. Luce, a member of the "Sappho Club;" Mrs. Walter B. Armstrong, president of the "Roundabout Club;" Mrs. Thomas C. McGouldric, the vice president of "The Casco Literary Club," and Mrs. Joseph P. Chute, secretary of "The Columbia Club."

The "Nineteenth Century Club" of Bangor has also suffered the loss of two of its members, Miss Fannie A. Mayo and Mrs. Harry Libby.

The "Nineteenth Century Club" of Ellsworth, mourns the loss of Mrs. Henry Whiting, a charter member.

Orono "Woman's Club," Miss Lizzie Ring, secretary of the club.

The death of two honorary members of the Skowhegan "Woman's Club" is reported, Mrs. Mehitable Merrill Robinson, and Mrs. Sarah A. Brown, of South Norridgewock.

Our Heavenly Father has dealt kindly with us, and of the many who are spared to begin another club year, shall it not find us with a deeper sympathy, a more cordial, helping hand held out towards every club sister; that we too may earn the beautiful assurance: "She hath done what she could."

Respectfully submitted,
Mrs. G. C. Parker.

A selection by a quartette composed of Mrs. W. L. Bragg, Mrs. Gorham H. Wood, Mr. G. S. Silsby and Mr. George T. Moody, was then rendered, Miss Silsby acting as accompanist.

At this point Mrs. H. C. Beedy introduced Mrs. Nicolar, the president of the Wabanaki Club, composed of women of the Tarratine tribe of Indians at Oldtown, which was admitted to the Federation Thursday. Mrs. Nicolar made a brief address, first in her native tongue and then in English, expressing her pleasure at meeting the ladies of the Federation and telling of the organization and objects of her club.

The constitutional amendment changing the basis of representation at the State convention was then taken up and after short discussion an amendment was adopted by which the representation of each club was fixed as its president, or her substitute, and one delegate.

It was voted that the committee's recommendation that wherever the word "State" occurs in the constitution the word "Maine" be substituted, and then the committee's entire report as amended was adopted.

It was voted that the Federation record its appreciation of the life and services of the late Gen. Neal Dow and that the secretary communicate the sympathy of the Federation to his family.

A vote of thanks was extended Mrs. Helen C. Beedy for the good work she has done in organization of clubs.

It was voted to send notes of condolence to Mrs. H. F. Dow in her illness and to Mrs. Dr. Neal, of Mt. Desert, on the death of her husband.

Mrs. Hamlin, of Bangor, Mrs. Moody, of Portland, and Mrs. Wing, of Lewiston, were appointed delegates to the Nashville convention this month.

The following resolutions were presented by the committee on resolutions and adopted:

The Resolutions.

The committee on resolutions cannot better express the stand which the Maine Federation of clubs wishes to take upon the vital questions of the day, than in the words which have already been quoted before this body, "The Women's Club may become the most potent outside educational force that America has yet seen." If their great opportunity is seized, that of being the sustaining and guiding power in correlating all the educational forces of the community, in developing and sustaining a spirit of investigation and a spirit of loyalty to the schools, in demanding the overthrow of all influences that counteract the work of the schools, their organization will lend a glory and honor to the closing of this great century. The strength of the Women's Clubs is to be measured largely by the strength of the individual members. Large bodies are not necessarily powerful. If dangers confront our civilization, they must not be met by ridicule, scorn or vituperation, but by that warm-hearted spirit of brotherhood that sees a brother in every man, a sister in every woman, God's love in every child. Therefore,

Resolved, That as the Maine Federation of Women's Clubs, we co-operate heartily with the Educational Associations; we give our close and sympathetic attention to the school systems that are under our observation; we suggest that at least one meeting of the year be devoted to the thorough discussion of the condition and betterment of our schools, and in all ways identify our best strength with the advancement of public education.

Resolved, That the thanks of the Federation be extended to the Athene club, the Norumbega, the Nineteenth Century and the Kindergarten clubs of Bangor for the cordiality and unstinted hospitality with which it has been entertained.

Resolved, That the Federation acknowledge with gratitude its indebtedness to the Unitarian church for the generosity with which its doors have been opened for our meetings.

Resolved, That we realize the great generosity of our guests who by their able and earnest addresses have contributed so materially to our pleasure and edification.

Resolved, That recognizing the refining influence of music as a branch of education, we render warm thanks to the artists who have contributed so largely to the enjoyment of our meetings.

Resolved, That the Federation express to the Maine Central railroad the thanks of its members for its generosity in reduction of fares and in extension of time on the tickets.

Resolved, That to the public press of Bangor we tender thanks for their full and interesting reports of our sessions.

Signed,
Isabel Thompson, Brunswick.
Mary R. Tarbox, Fryeburg.
(Mrs.) Charlotte A. Lee, Lewiston.
Charlotte C. Woodman, Bucksport.
Abbie F. Moody, Portland.
Eliza M. Jones, Caribou.
Abbie A. C. Peaslee, Auburn.

The following additional resolution was presented by Mrs. Beedy and was adopted:

Whereas, the glory of Maine has been its forests and, whereas, from its millions of acres of rich timberland only a few thousands now remain in the possession of the state, and,

Whereas, it is important that the natural resources of the state be preserved that the Pine Tree state may not be an empty name; therefore,

Resolved, That as the Maine Federation of Women's clubs, as far as possible, we pledge ourselves to take up the study of forest conditions and resources and to further the highest interests of our state in these respects.

It was voted that the questions which had been sent in for the question box be put in the hands of the committee for the mid winter meeting.

The nominating committee reported the following list of nominations for officers and committees for the ensuing year:

President, Mrs. Frank H. Briggs, Auburn.
Vice president, Mrs. Florence C. Porter, Caribou.
Treasurer, Mrs. D. P. Eaton, Skowhegan.
Corresponding secretary, Miss Nellie Marston, Monmouth.
Recording secretary, Mrs. Fred H. White, Lewiston.
Standing committees: Educational, Miss Mary S. Snow, chairman, Bangor; Mrs. Annie G. Pepper, Waterville; Miss Bertha Soule, Bath.
Bureau of reciprocity, Mrs. William H. Newell, Lewiston.

It was voted that the secretary cast the ballot of the convention for the above nominees and they were duly declared elected.

A vote of thanks was extended the retiring corresponding secretary, Mrs. Keyes, of Farmington, and also to Miss Inez A. Blanchard, of Portland, for her efficient work in the reciprocity bureau.

It was voted that a letter of thanks be sent to the Bangor Board of Trade for its financial aid in entertaining the delegates.

All unfinished business was referred to the executive board.

Mrs. William P. Frye, of Lewiston, Mrs. Thomas G. Stickney, of Bangor, Mrs. F. B. Clark, of Portland, and Mrs. Jennings, of Farmington, were appointed delegates to the Denver convention next June. The president is also a delegate.

The ode, by Mrs. H. G. Rowe, was read by Mrs. Charles E. Woodman, as follows:

Hopeful and bright with promise,
The Future before us lies;
While like stars thro' the mists of morning,
Gleams the Past, with its victories.

Only our own is the Present,
To hold, to mould, and to plan;
To bear in the hands of Faith and Love
Its message of Hope to man.

To wake, for the unborn ages,
Truths, sleeping for years untold,
That the brave, true faith of a woman's heart
Is richer than stores of gold.

Tho' her patient hand may the distaff hold,
Yet lady and queen is she;
For wisdom dwells on her gentle lips,
And our hearts she holds in fee.

Maid and matron, mother and wife,
She stands by his side today;
May her soft voice calm the waves of strife
And the floods of evil stay.

Wise and loving, tender and brave,
Nor slave, nor drudge, nor toy
Is she, new born from the cleansing wave,
Bright herald of peace and joy.

The minutes of the meeting were then read and approved and after a vote of thanks had been extended the president, Mrs. Briggs, for her efficient services, the convention was declared closed.

Insurance Commissioner Carr is hot on the trail of the incendiaries who have been burning property in various sections of the State. He reports that the receipts of his office have been larger the past quarter than ever before, there having been in all $9,812 paid in, which is $1,108 more than the corresponding quarter last year.

The Robinson Company has been organized at Presque Isle, for the purpose of raising, buying and selling all kinds of farm products, with $10,000 capital stock, of which $150 is paid in. The officers are: President, Joseph D. Robinson, of Boston, Mass.; treasurer, George E. Robinson, of Presque Isle. Certificate approved, October 1, 1897.

TALMAGE'S ASSOCIATE PASTOR ... GREENE'S NERVURA ...

Rev. Dr. Byron Sunderland of the Talmage Church Tells the Sick and Suffering to Use Dr. Greene's Nervura to Be Cured.

Rev. Dr. Talmage's Co-Worker Enthusiastic in Recommending Those Who Are Weak, Nervous or in Any Way Out of Health to Use This Grandest of Medicines and Surest of Cures, Dr. Greene's Nervura Blood and Nerve Remedy.

No preacher in the world is so widely known as Dr. Talmage and no other place of worship is so thronged as the Talmage Church in Washington, D. C.

The great divine's discourses on the maintenance of health are the sure guide for the people, and now his distinguished associate preacher and co-worker the eminent Byron Sunderland, D. D., of the Talmage Church, follows out the same grand line of good to the people by pointing out to them how health can be regained and restored when lost,—how the physically weak and prostrated, the nerve weakened and brain weary, may recover strength; how the tired out, over-worked and over-strained systems can be rebuilt; how the sufferer from weak nerves, poor blood, headache, rheumatism, neuralgia,—the exhausted man, the prostrated woman, the nervous child, the restless infant,—all can secure again that health and strength that has been lost.

The distinguished clergyman tells the people within his knowledge have been restored to health by the wonderful medicine, Dr. Greene's Nervura blood and nerve remedy, and he bids all who are in any way out of health, all who need medicine to use immediately this grand health restorer, Dr. Greene's Nervura. He tells you that it will cure you as it has cured so many others, for he has personal knowledge of Dr. Greene's Nervura and its marvelous power to cure disease, to banish pain, to make the sick well.

The great preacher says:

"I have learned with satisfaction from many sources the beneficence of Dr. Greene's Nervura blood and nerve remedy and its great utility to the many sufferers from the over-exhaustion and prostration of the human system, in our ... and ... I ... hesitate to say it seems to supply ... want ... no other known remedy can fill. It seems to be a real boon, bringing rest and refreshment to the outworn human frame in the conditions and ... in which we live."

BYRON SUNDERLAND.

How can you hesitate for a moment, after reading the convincing words of this eminent minister of the Gospel, to at once use this grandest of medicines, Dr. Greene's Nervura blood and nerve remedy? It is the mightiest remedy in the world today. Every druggist keeps it.

Consultation, examination and advice may be had free with the discoverer of Nervura, Dr. Greene, 34 Temple Place, Boston, Mass. Use his great discovery, and call upon or write to Dr. Greene.

Pertinent Questions.

Why Will a Woman Throw Away Her Good Looks and Comfort?

Why will a woman drag out a sickly, half-hearted existence and miss three-quarters of the joy of living, when she has health almost within her grasp? If she does not value her good looks, does she not value her comfort?

Why, my sister, will you suffer that dull pain in the small of your back, those bearing-down, dragging sensations in the loins, that terrible fulness in the lower bowel, caused by constipation proceeding from the womb lying over and pressing on the rectum? Do you know that these are signs of displacement, and that you will never be well while that lasts?

What a woman needs who is thus affected is to strengthen the ligaments so they will keep her organs in place. There is nothing better for this purpose than Lydia E. Pinkham's Vegetable Compound. The great volume of testimony which is constantly rolling in proves that the Compound is constantly curing thousands of just such cases.

The following letter from Mrs. Marlow is only one of many thousands which Mrs. Pinkham has received this year from those she has relieved—surely such testimony is convincing:

"My trouble commenced after the birth of my first child, I did not know what was the matter with me. My husband went to our family physician and described my symptoms, and he said I had displacement and falling of the womb. He sent me some medicine, but it did little good. I let it go on about two years, and every time I did any hard work my womb would come down. Finally a lady friend advised me to try Lydia E. Pinkham's Vegetable Compound, which I did. The first bottle helped me so much I continued to take it right along. My back was almost the same as no back, I could not lift scarcely any weight. My life was just a drag to me! To-day I am well of my womb trouble, and have a good, strong back, thanks to Mrs. Pinkham's Vegetable Compound."—Mrs. L. Marlow, Milford, Ill.

A COMMON EXPERIENCE.

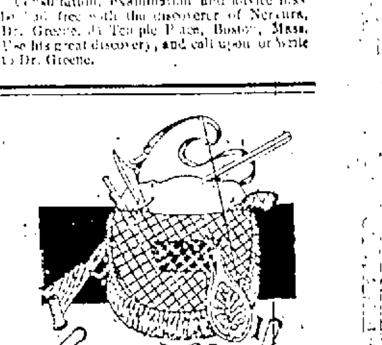

Scene I.—Mr. Johnson is obliged to give up work, remain in the house, and take care of himself on account of a dreadful scrofula sore on one of his limbs.

Scene II.—Mr. Johnson reads a testimonial which tells of scrofulous troubles cured by Hood's Sarsaparilla. He reasons "it" to try it, sends for a bottle and begins taking it.

Scene III.—Mr. Johnson has taken six bottles of Hood's Sarsaparilla. His scrofula sore is cured. He is feeling stronger, has a good appetite and is able to attend to his work. He writes a testimonial telling of his experience with Hood's Sarsaparilla, and recommends it to others.

RELIEF IN SIX HOURS.

Distressing Kidney and Bladder diseases relieved in six hours by the "NEW GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by J. L. Mountaine & Co., Druggists, Bangor, Me.

Three Valuable Books Given Away.

"Art and Fancy Work," "Nursery Rhymes," "Home Dyeing."

Mrs. Nella Daggett, editor of *The Home*, has published a new edition of her popular book, "Fancy Work and Art Decorations," that gives practical instructions for making doilies, table covers, scarfs, tray cloths, pin cushions, etc., etc., with fifty illustrations. This book, together with "Nursery Rhymes" (a 16-page pamphlet with a handsome colored cover design of the Old Woman Who Lived in a Shoe), and "Successful Home Dyeing," will be sent free to any reader of The Whig and Courier who forwards the following coupon to Wells, Richardson & Co., Burlington, Vt.

COUPON.

This entitles any reader of The Bangor Whig and Courier to one copy of "Fancy Work and Art Decorations," "Nursery Rhymes" and "Successful Home Dyeing."

The above liberal offer is made to advertise the old reliable Diamond Dyes, and to get their book upon home dyeing into the hands of women who want to dress well by making their old clothing look like new.

Diamond Dyes have special dyes for cotton, different from those that are used for wool, and are the only package dyes on the market that can be relied upon to give colors that will not fade or crock. The fact that Diamond Dyes have been the standard home dyes for nearly twenty years and that their sale increases from year to year, is proof positive that they have never had an equal.

SPECIAL NOTICES.

LOCAL MATTERS.

The alarm of fire sounded from box 73 on Friday afternoon was for the purpose of summoning the firemen to the scene of Thursday night's blaze, on State street, to extinguish fire in the hay among the ruins of the barn.

Barney Kelley was before the Municipal Court yesterday on the charge of taking money from Frank Allen to furnish him work and then not providing the labor. The case was continued to this morning at 9 o'clock.

In the Municipal Court on Friday on a search and seizure case, William Townsend, the keeper of a house on Stillwater avenue, was fined $100 and costs with 60 days in jail and 60 days additional in default of payment. He appealed and gave bonds.

John Woods, of Pittsfield, shot a large buck last Saturday about two miles from the village. This is probably the first deer shot in the vicinity this season since open time came in. Local sportsmen are beginning to think that it is unnecessary for them to go very far away from home to find good game.

As will be seen by the "ad" in another column the Diamond Dyes concern will give away three valuable books to any reader of this paper who cuts out the coupon contained in the "ad" and sends it to Wells, Richardson & Co., Burlington, Vt. This liberal offer will doubtless be taken advantage of by many. See the announcement.

The Calais creamery ceased operations for the season on Tuesday. They made six and three-quarter tons of butter which found a ready sale in Calais, Eastport and Boston. The product sent to the market realized, by its merits, the highest market price, the firm to which it was consigned pronouncing it the best butter they handled.

The excursion of the Brotherhood of Locomotive Engineers to Houlton on Sunday will be participated in by three hundred people. The party will stop five hours in Houlton. On Friday the contract was signed with Manager Owen of the Opera House by the committee from the brotherhood for the annual entertainment under the auspices of the brotherhood. The Gormans in their new farce comedy, "Mr. Beane from Boston," will be the attraction.

Tickets for the Boston Star entertainment course will be on sale on Monday at City Hall, and the demand will be extensive. The course opens on Oct. 18, Monday night, with Brooke's famous Chicago Marine band, and the audience is sure to be large. In the advertisement will be found the prices of reserved chairs for the course or for single entertainments. Admission tickets for the course of ten entertainments cost but one dollar.

The annual ball of the Ancient Order of Hibernians will be held at City Hall on the evening of October 28. Extensive preparations are being made for this event. Pullen's orchestra has been engaged to furnish music for dancing and it will also take part in the concert preceding the dance. The concert will be participated in by prominent vocal and instrumental soloists from Bangor and other places. The committee in charge of the event is made up of J. M. Regan, W. H. Corcoran, P. J. Cullinan, T. J. McCarthy and E. N. Quirk.

A movement is on foot in Pittsfield and the prospect is particularly bright for the organization of a stock company to build a dam at the head of 30-mile rips, says the Advertiser. The distance from the village to the point named is about four miles. The object is to build a dam and water power station, put in an electric plant and in this way provide the town with electricity for lighting purposes. A meeting was held this week by men interested and J. F. Connor and Allen Hackett appointed a committee to canvass the town and find out how much stock the citizens will take in the enterprise; $7,000 was pledged at the meeting and probably $25,000 can be raised. At the point selected it is possible to obtain a 20-foot head of water and by clearing the rocks out of the river a 25-foot head can be obtained. James F. Connor, J. W. Manson, Esq., A. P. McMaster, C. H. Hunter, Allen Hackett, Parks Bros., Wm. Dobson, Gordon Dobson, I. H. Lancey, T. G. Lancey, H. F. Libby, C. E. Vickery, Dr. E. C. Bryant, N. L. Perkins, of Pittsfield, and E. H. Greeley, of Ellsworth, are the principal promoters of the enterprise. During the winter plans will be completed and material obtained. Work will commence as early as possible next summer and be completed by fall. All parties interested feel very sanguine that the shares will be a good investment and there is little doubt but the proposed scheme will be fully carried out.

TAXES ... 1897.

Collector's Notice.

The Assessors of the City of Bangor have committed to me the Tax Bills for the year 1897, under date of October 1st, 1897, and by vote of the City Council I am authorized to make a

Discount of Five Per Cent.

on all taxes of 1897 paid on or before

Monday, November 1st, 1897.

HENRY O PIERCE, Collector of Taxes.
Bangor, Friday, Oct. 1st, 1897.

BATES VS. U. OF M.

A College Game at Orono this Afternoon.

At 3 p. m. today the Bates College eleven will line up against University of Maine upon the new Howard athletic field at Orono and one of the most hotly contested games ever played by these two teams is anticipated by the knowing ones who closely follow the game.

The Bates team seems to be stronger than usual this year and is playing a swift game. On the other hand U. of M. is also better than last year, judging from reports, and is probably heavier than Bates, although there may be no great difference in this respect.

U. of M. is being coached by H. O. Robinson, of this city, who has had much experience in coaching Western college teams and who is regarded as a first class trainer. Bates has had the instruction of Kelley, the Dartmouth end of '96, and Hoag, formerly of Harvard, who coached Bowdoin in '95 and '96. Both teams will be out to win and the warmest game ever played at Orono is looked for. The old colored stand-bys, Bruce and Saunders, are members of the Bates team again this year.

The line up of the university eleven for the game will be as follows:

Sawyer (captain), f. b.; Libby, l. h. b.; Hussey, l. e.; Sturgis, l.; Lawrence, g.; W. Armes, c.; Elliott, r. g.; Noyes, r. t.; Palmer, r. e.; Ellis, r. h.; Webber, q.; substitutes, G. H. Davis, Pearce, Bradford, Johnson, Wormell, E. Davis, French and F. Armes.

Special cars will leave West Market square, Bangor, between 12.45 and 2 p. m. for the university.

The High school team took a step backward yesterday when only two or three members of the first eleven appeared on the field for practice. This will never do if the team wants to win a game this fall for it is the daily work which gets the players into condition and keeps them so, as well as developing team work.

The team played a good game on Wednesday, but some of the members of the team gave evidence of losing their "wind" early and often. Constant training would put them in the best of condition and they will need it when they meet Kent's Hill, Hebron and Portland.

The High school second eleven goes to Ellsworth today to play the Ellsworth High school team, which Gus Conners has coached.

THE TEMPERATURE

Atmospheric Conditions as Shown by Methodical Observations.

The following table gives the weather conditions as shown by the thermometer and barometer at Miller's pharmacy:

	Barometer.	Thermometer.
Oct. 8, 7 A.M.	29.7	44
12 M.	29.7	60
6 P.M.	29.7	60

Military Field Day.

Today in accordance with the plan of Adj. Gen. Richards, Co. G, of this city, will have its full field day at Orono. Gen. Richards will come over on the morning train to attend. The occasion will be held in connection with the cadets at the University of Maine. The Coburn Cadet Band will meet G company which will be in command of First Lieut. H. S. Boardman, in this city at 10 o'clock, and leave immediately by trolley cars, arriving in Orono about 10.45. The company will be met by the Coburn Cadets in command of Major S. C. Dillingham, drawn up in line opposite Prof. Hamlin's house on Main street. Co. G will form in front of Prof. Stevens' house and take a place on the left of the battalion.

The line of march will be through Orono to Webster, to the college. During the march through the streets of Orono the Coburn Cadets will be maneuvred in the riot drill.

After arrival at the university the members of G company will become guests of the battalion and take dinner at the commons and the fraternity houses. The assembly for the sham battle will be sounded at 1.30, the engagement taking place in front of the Q. T. V. house.

At 3 o'clock the foot ball game between Bates and the university team takes place on Howard field and will be witnessed by the members of Co. G.

The call for parade will be sounded at 4.30 o'clock when the officers will rejoin their companies after marching to the front and center and then the battalion will be reviewed by Adj. Gen. Richards.

B. O. & O. cars in sufficient number to accommodate the large number from this city who are likely to attend will be on hand, special tickets having been provided which include car fare and admission to the foot ball game and grandstand. These tickets are on sale at the waiting room.

The members of Co. G are ordered to report at the armory promptly at 9 o'clock this morning.

General and special orders have been received by Co. G from regimental headquarters through Adj. Frank B. Cummings, regarding today's field day, granting permission for the company to make the march as planned and giving detailed instructions as to how it shall be carried out.

Millinery Openings.

On Friday C. Farrell & Co., and M. A. Clark, on Main street, had millinery openings at their establishments and many ladies called to inspect the beautiful bonnets and hats. Both these firms carry a fine line of millinery, the quality being excellent and the quantity extensive and their many patrons will find just what they want at those places. They aim to have the very latest styles in hats and bonnets.

Our I's and... ...Other Eyes.

Our I's are just as strong as they were fifty years ago, when we have cause to use them. But we have less and less cause to praise ourselves, since others do the praising, and we are more than willing for you to see us through other eyes. This is how we look to S. F. Boyce, wholesale and retail druggist, Duluth, Minn., who after a quarter of a century of observation writes:

"I have sold Ayer's Sarsaparilla for more than 25 years, both at wholesale and retail, and have never heard anything but words of praise from my customers; not a single complaint has ever reached me. I believe Ayer's Sarsaparilla to be the best blood purifier, that has been introduced to the general public." This, from a man who has sold thousands of dozens of Ayer's Sarsaparilla, is strong testimony. But it only echoes popular sentiment the world over, which has, "Nothing but words of praise for Ayer's Sarsaparilla."

Any doubt about it? Send for "Curebook." It kills doubts and cures doubters. Address J. C. Ayer Co., Lowell, Mass.

SUPREME COURT.

October Civil Term, 1897.

Justice Foster, presiding.
Charles R. Brown, Esq., Sheriff.
Charles F. Sweet, Esq., Clerk.

In the case of Kelley vs. Patrolman Bartlett, on trial in the Supreme Court, the closing arguments were made Friday afternoon and the case was given to the jury about 5 o'clock. The jury remained out until about 7 o'clock. It will report a sealed verdict this morning.

On Trial.

Charles E. Rockliff vs. Inhabitants of Greenbush.

Plaintiff brings this action to recover the sum of $30, being the expenses of the burial of one Andrew Oaks, an honorably discharged soldier of the civil war. The plaintiff claims that at the request of the defendants he furnished what was necessary for the proper burial of Oaks but on demand defendants refused to pay.

C. Scott and H. Clark for plaintiff.
Appleton & Chaplin for defendants.

AMUSEMENTS.

"The Cotton King."

"The Cotton King" has seen better days. "The Shoddy King" would have been a more appropriate name for the production of last night at the Opera House. The melodrama is all right when it is clothed in its right mind but when put on the boards as it was last night the senses of sight and hearing revolt at the sorry spectacle of the erstwhile melodramatic favorite being murdered.

There are people in the cast but no actors and there is a piece of scenery in a cotton mill set which looks like a section of the old canvas turned wrong side out. The elevator is necessarily still there to just escape crushing the heroine into a sheet of paper but the heroine evidently considered it to be balky as, instead of waiting for the hero to drag her out of the shaft she dove out headlong, just as a foot ball player would make a touchdown.

There was a fair sized audience present.

Walto Company in Comic Opera.

Monday—"Fra Diavolo."
Tuesday—"Two Vagabonds."
Wednesday—"Girofle-Girofla."
Thursday—"Bohemian Girl."
Friday—"Maritana."
Saturday—"Olivette."

MATINEES.

Tuesday—"Fra Diavolo."
Wednesday—"Mikado."
Thursday—"Boccaccio."
Friday—"La Mascotte."
Saturday—"Fra Diavolo."

This is the repertoire of the Walto Opera company, which is to have possession of the Opera House all of next week at popular prices. We are assured that the company gives very creditable performances. The company includes about 40 persons, the principals being Miss Marian Langdon, Miss Mamye Taylor and Miss Isabella Sargent, sopranos; Joseph M. Smith and Charles N. Holmes, tenors; Claude Amsden and John Dewey, comedians, and Herman Waldo, baritone. Miss Langdon is said to have a very good soprano voice and to be an effective singer. A feature which is advertised as an especially strong attraction is the production between each act of vaudeville specialties. Prices at matinee will be 10 and 20 cents.

Brooke and His Famous Chicago Marine Band.

It is pleasant to announce the coming of anything so entertaining to the masses as a concert by Brooke and his famous Chicago Marine Band, which will be heard at the opening of the Star course on the 18th. This band is one of the greatest popular bands in the world. The concerts given by Brooke throughout the East have been great events in the annals of musical occasions of this character. In Brooklyn, for instance, every selection on the programme received an encore, and although but 10 numbers were announced over 30 were played at each concert. The press added its voice to the popular praise and the warmest and most flattering tributes were paid to the band and its director. The band appeared in Bangor last year and made a splendid impression. The coming concert is sure to be one of the finest ever heard here.

Notes.

A grand ovation was tendered Joseph Jefferson, who appeared Thursday night in "Rip Van Winkle" in The Jefferson, Portland's new theatre. He was twice called before the curtain and each time he made a brief and felicitous speech. The seating capacity of the theatre was severely taxed.

The Game Record.

Friday was a great day for game, the record of arrivals here of deer and caribou being double that of any of the fall and equalling any day last year.

The morning train from Greenville brought seven deer and a caribou. The latter was killed in the region around Moosehead lake by C. M. Comstock, of Montville, Conn., and was the first caribou to be shot in this section of the state this year. W. L. Corey and A. N. Merry, of Portland, each had two deer and W. S. Quimby and F. A. Jennison, of Boston, had two. There were 20 deer and a caribou on the noon trains which arrived here from Vanceboro and Houlton. Game Commissioner Carleton came down from a business trip up along the line, and left on the afternoon train for home.

From the B. & A. came G. E. Stedman, of Oldtown, with two deer; J. R. Clifford, of Woodford, two deer and a caribou; Rev. B. O. Wentworth, of Skowhegan, two deer; W. H. Abbott, of Waterville, two; P. E. Rice, of Bangor, one; W. W. Case, of Springfield, Mass., two; W. E. Shedd, H. C. Shedd and I. E. Shedd, of Waltham, Mass., four; F. B. Thompson, of Brooklyn, one; and J. L. Wyckoff, of Holyoke, Mass., two; Messrs. E. W. Anthony and W. B. Stillman, of Boston, came from Katahdin Iron Works with two deer and M. W. Davis, of Skowhegan, had one. Messrs. Geo. W. Kimball and S. L. Hutchins, of Union, N. H., had three deer that they had killed in the region around Patten. E. K. Koehler, of New York, had two deer which were shipped from Masardis.

The evening train from Greenville brought 31 deer and 1 caribou and the Houlton train 14 deer.

Another moose was killed by a B. & A. train on Thursday night between Masardis and St. Croix. This makes three moose which have been killed by the cars during the past ten days.

Bangor men will have a chance to hear the Blind Concert Co. as it is to furnish the music at the meeting for men Sunday afternoon at 4 o'clock, in the Y. M. C. A. building. There will be both instrumental and vocal music. Rev. J. S. Penman will speak. There is no admission fee and all men are cordially invited.

The M. C. R. R. will run $1 excursions to Bar Harbor next Sunday and the following Sunday. The "ad." gives particulars.

Mr. Chas. H. Buswell, of this city, died at Exeter last night.

Mary Heckmeister, a domestic, was arrested at Newport, R. I., for larceny of a large amount of jewelry, laces, silverware, etc., the property of two ladies summering there. She confessed and said four trunks of stolen goods are stored in New York.

THE COPLEY PRINTS.

Successful Exhibition and Sale on Friday.

On Friday the exhibition and sale of the Copley Prints from Curtis & Cameron, of Boston, opened at the residence of Miss Mary E. Merrill, No. 214 French street, in a manner which was a source of great pleasure and gratification to all concerned. From 11 a. m. until 10 p. m. many people of this city and other places called and found a great deal which aroused their admiration. Among the callers were numerous members of the State Federation of Women's Clubs, to whom an invitation had been extended through the president, Mrs. Briggs, on Friday morning.

The prints are attractively arranged upon the walls of the drawing room and their choice quality and quite extensive quantity offer an exhibition of rare excellence. While everything shown is a gem of its kind, those of Edward Simmons, John S. Sargent, Edwin A. Abbey and Puvis de Chavannes attract especial attention for their artistic realism.

Among the many prints besides those already mentioned, are those of Walter McEwen, Pratt, H. O. Walker, Elihu Vedder, St. Gaudens, Whistler, Abbott Thayer, William Blake, J. Wells Champney, De Forest Brush, La Farge, Cox, Robert Reid and F. W. Benson. Among such an array of artists there must of necessity be a great deal of beauty and attractiveness among the fine prints.

An especial feature is the mural decorations in the new library of Congress in Washington.

The exhibition and sale, which was very successful yesterday, will be continued today during the same hours, closing in the evening and a large number of people will doubtless call.

United States Civil Service Examination.

The United States Civil Service Commission has ordered that an examination be held by its local board in this city on Saturday, December 4th, 1897, commencing at 9 o'clock a. m., for the grade of clerk and carriers in the postal service. Only citizens of the United States can be examined. The age limitations for this examination are as follows: Carriers, 21 to 40 years; clerk, 18 up; no limit. No application will be accepted for this examination unless filed with the undersigned, in complete form, on the proper blank, before the hour of closing business, on Saturday, November 13th, 1897. Applications should be filed promptly, therefore, in order that time may remain for correction, if necessary.

The commission takes this opportunity of stating that the examinations are open to all reputable citizens of the United States who may desire to enter the service, without regard to race or to their political or religious affiliations. All such citizens are invited to apply. They shall be examined, graded, and certified with entire impartiality, and wholly without regard to any consideration save their efficiency, as shown by the grades they obtain in the examination.

For application blanks, full instructions and information relative to the duties and salaries of the different positions, apply to A. H. Pierce, secretary of board of examiners of postal service, Bangor, Me.

Sunday Services.

Christian Science—Religious service and Sunday school, Banquet Hall, City Building, Sunday, at 10.30 a. m.

Preaching service at West Bangor chapel at 2.30 o'clock p. m., followed by Sunday school. Praise and prayer service at 7.30.

Crosbyville Chapel—Sunday School at 2.30; revival service, Rev. Arthur N. Black, leader; 3.15 p. m., prayer and praise meeting.

Three New Songs.

Mr. Chas. E. Hamlin has written three songs, having just completed the third, for Mrs. W. A. Nelson, Bangor's popular contralto, which she will sing at the big festival here and in Portland. They are said to be charming compositions and all will be glad to hear them.

A successful trial was made Friday at Baltimore of a new sub marine wrecking boat. She was submerged in 31 feet of water two hours. Communication with the surface was had by a rubber tube.

Governor's day at the Brockton, Mass., fair, was a great success Friday. The horse and bicycle races were good.

THE WEAK STOMACH

Will retain POSTUM.
It gives the Invalid Strength.

A LIVE FACT.

Institution Glee Club.
Clarionet and cornet duet, selected ....
Wild Horse Galop .... Faust
Institution Band.

Body of Martin Russell Recovered.

The body of Martin Russell, of this city, was recovered from the Penobscot river at Bucksport yesterday. This is the second body of the victims of the drowning accident above Bucksport Sept. 22 which has been recovered. It was found by John Lawrence, of Bucksport, who rowed up river in search of the bodies.

He rowed up to High Head or Lover's Leap, as it is sometimes called, and went on high ground, from which place he saw something floating down river in the eddy, and putting after it he discovered it was the body of a man.

He towed it to Bucksport where F. G. Perkins, in whose employ the men were, was summoned and identified it. The men now missing are Willard Lowe and Alfred Deane.

Coroner D. L. Fields, of Ellsworth, was notified and held an inquest.

The remains were brought from Bucksport to this city last evening and were taken to his father's home in Sibley lane, off Harlow street. Russell was 23 years old.

The funeral will take place Sunday afternoon at 2 o'clock.

Our Own Folks and Other Folks.

Mr. W. Ketchum, of Houlton, was in the city yesterday.

Hon. A. R. Day, of Corinna, was in the city on business.

Mr. J. E. Guard, of the United States fish commission, is in the city.

Hon. F. M. Simpson, of Carmel, State treasurer, was in Bangor Friday.

Mr. W. Houghton, of Katahdin Iron Works, was in the city yesterday.

Mrs. J. N. Bates and grand-daughter, of Gardiner, are in Bangor on a visit.

Mrs. William Engel and Miss Engel left Friday for Boston for a few days' visit.

Dr. and Mrs. D. H. Williams, of Knoxville, Tenn., are in the city at the Bangor House.

Mr. John Appleton is at home from Bowdoin and will go into the woods for a few weeks.

Mrs. Lucius Butterfield, of Springfield, is visiting her brother, J. A. Weatherbee, Esq., on Broadway.

Mr. and Mrs. J. J. Walker, of Yarmouth, Mass., were in the city yesterday at the Bangor House.

Messrs. G. H. Sprague and E. H. Lock, of Arlington, Mass., were at the Penobscot Exchange yesterday.

Mr. A. F. Gerald, of Fairfield, president of the B. O. & O. electric railway company, was in the city yesterday.

Miss Stetson and Miss Louise Stetson have gone to Holyoke, Mass., to visit Miss Skinner, who was their guest recently.

Hon. Frank Jones, of Portsmouth, N. H., was in the city Friday noon on his return home from a trip to Ellsworth and Sorrento.

Mr. Henry E. Capen and Mr. E. Wiley, of Camden, were in the city yesterday on their way to Deer Isle, Moosehead lake, on a hunting trip.

Judge H. W. Reed and Mr. J. L. Richards, of Brockton, Mass., were in the city yesterday on their way to Sebois and Grand Lake on a hunting trip.

Mrs. Albert A. Burleigh and daughter, of Houlton, are visiting in Bangor. Mrs. Burleigh is the wife of President Burleigh of the Bangor & Aroostook railroad.

Mrs. Joanna Rowe, of Bangor, celebrated her 85th birthday last Sunday at the home of her daughter, Mrs. Benjamin F. Patton, at Melrose Highlands, Mass.

Mr. and Mrs. M. P. Pendleton, of Belfast, who have many friends in Bangor, are at Pueblo, Col., to remain for the winter. Mr. Pendleton's niece, Miss Alice Pendleton, is with them.

Messrs. H. H. Plimpton, E. J. Shattuck, Lewis Parkhurst, Charles A. Eaton, A. E. Randall, William Torrey, William Reed and Frank Packard, of Boston, were in Bangor yesterday on their way into the region around Norcross.

Venison, partridge, etc., at Fickett's market.

Paper weight views of Bangor and souvenir china at N. Whitman & Son's.

Suicide or Murder?

New York, Oct. 8. Mrs. Mary Moore, the wife of Detective Wm. Moore, who is connected with police headquarters, and whose death on Wednesday was reported as a case of heart failure, now proves to have come to her death by a wound inflicted with a carving knife. The wound is on the right side of the abdomen and the coroner, Doolie, while almost certain that it could not have been self-inflicted, is unwilling to say that it was the work of another person.

Millions Coming Over.

New York, Oct. 8. Knauth, Nachod & Kuhne have engaged $300,000 in gold for London for shipment on the Paris. This brings the total of the movement up to $5,150,000.

TELEGRAPHIC NOTES.

Condensed Dispatches From Different Quarters.

John R. Gentry and Robert J. broke the pacing team record Friday at Glen Falls, N. Y., making the mile in 2.0?.

At Lexington, Ky., Friday Rilma took 3 heats and the race for the Transylvania $5,000 stakes, concluded from Thursday.

Ex-U. S. Senator John R. McPherson, died at Jersey City last night.

At Mrs. Cyrus Scott and Miss Sarah Curtis, of Garland, were going to Dexter one day last week, just west of the buildings of Will Curtis, in Dexter, a deer leaped over the fence from the north, directly in front of the horse, which stopped at the sight of an animal unfamiliar to him. Two heads went high in the air in mutual surprise but both deer and horse stood their ground. The deer, after a moment's pause, crossed the road and was immediately followed by another one, who went through the same performance; joining, they ran across the field to the south "like a deer." The ladies greatly enjoyed the unusual show but they could not help thinking what if they had been men and had a gun along. For it was the first day of October.

CLOAK OPENING.

MRS. CHAS. EHRLICH, representing MESSRS. LOUIS GRANER & CO., the well-known Cloak Manufacturers of New York, will display fine garments Saturday, the 9th inst., at the store of

BENSON & MILLER.

For fit, style, and finish the garments made by this house are unsurpassed. You are cordially invited to inspect the line. Orders taken. The new "Graner" Adjustable Collar on Ladies' Cloaks is a phenomenal success.

The "Graner" Garments are sold in Bangor only by

BENSON & MILLER.

The rumor that the Calais Exchange now being built is to be leased to a Boston hotel syndicate, and that a former proprietor of the Adams House will have charge of the hotel, seems to gain ground. Such an arrangement would have the effect of introducing the Hotel to many summer visitors who heretofore have never found their way to Calais.

A Norway clergyman is the champion gardener of the village. He raises two crops a year. July 20 he planted ripe peas grown this year. Sept. 20 excellent peas grown from that planting were served at their dinner table and there were enough for all.
